TYPHOON CAUSES DEVASTATION IN JAPAN

ARREST OF GERMAN BRINGS LINDBERGH CASE NEARER CLOSE

Bruno R. Hauptmann Arrested After Paying for Gasoline for Stolen Car With Money Paid as Ransom—Police Found \$13,750 of Aviator's Funds Hidden in Garage

NEW YORK, Sept. 20 (AP).—The Lindbergh baby kidnapping case—most sensational crime of modern times—nearer a solution with spectacular swiftness tonight after the arrest of a German fugitive and the recovery of part of the \$50,000 ransom.

The prisoner is Bruno Richard Hauptmann, thirty-five, an alien and a carpenter by trade, who entered the United States in 1923 as a stowaway while on parole from a German prison.

His wife and nephew, Hans Muller, also were held for questioning. In Washington, Department of Justice officials said Hauptmann's handwriting tallied with that on the ransom notes. The check, they said, was made with an automobile license application by Hauptmann.

HAD STOLEN AUTO.
There was an unconfirmed report that the automobile driven by Hauptmann on the day of his arrest was identified as one stolen in New Jersey the day before the kidnapping. Police confirmed the fact of its theft, but would make no statement on the date it was stolen.

In the garage of the Hauptmann home in the Bronx—but a few miles from St. Raymond's Cemetery, where Dr. John N. Condon, the intermediary known as "Jafse," paid over \$50,000 ransom for the baby later found dead—\$13,750 of the ransom bills were discovered, cached in the floor and window sill.

ANNOUNCES ARREST.
Police Commissioner John F. O'Rourke made the announcement of Hauptmann's arrest. He spoke for the combined forces of investigation that apprehended the alien—Federal agents, New Jersey troopers, and New York City police.

PLAN IS MADE OF INFIRMARY

C. Elwood Watkins Submits Sketch of Addition to Aged Men's Home

Preliminary plans for the proposed infirmarium addition to the Home for Aged and Infirm Men have been completed by C. Elwood Watkins, architect. Alderman James Adam, chairman of the aged men's home committee, announced yesterday.

Nearly all the funds necessary for the erection of the wing have been secured, and, subject to the approval of the City Council, the project is almost ready for actual work.

However, the council has yet to determine on the policy of building an annex to the present home, but it is expected that this matter will be discussed at the next meeting of the council.

GENERAL DESCRIPTION.
The plan shows a new wing, seventy-one feet in length and twenty-five feet wide. The general ward is forty-nine feet by twenty-three feet, and will have accommodations for fourteen beds. In addition, there are two private wards for more serious cases. These wards are immediately adjoining the general ward.

A bathroom, well-appointed kitchen, utility room, sanitary conveniences, bathrooms and other necessary adjuncts to an infirmarium also have been planned.

The building will be of brick construction, having a sloping corridor to the present building, so there will be no steps for the aged men to climb, and will cost in the neighborhood of \$10,000.

ELECTRIC STORM RUINS BUILDINGS

Several Narrow Escapes Reported From South Shore of Nova Scotia

HALIFAX, Sept. 20 (CP).—Repaired communication lines tonight carried belated reports of destruction caused by a severe electrical storm which cracked along the south shore of Nova Scotia on Tuesday.

A score of buildings, including a church, were damaged by lightning and a dog was killed. No persons were injured, but several had narrow escapes.

A bolt ripped through the home of Ralph Huskins at Story Island, but missed seven persons sleeping at the time.

Cup Defender Leading the Challenger

Rainbow (In Foreground) In the Lead in the Opening of the America's Cup Races Off Newport, R.I. Endeavour, British Challenger, Was Close Behind the American Defender.

Rainbow Wins by Half Mile in Third Contest; Fourth Race Postponed

Spirit Message From Lipton Says Endeavour Will Not Win Cup

GOSPORT, England, Sept. 20 (AP).—Crowds in this, Endeavour's home town, cheered Rainbow when announcement was made that the United States defender had won the third race of the America's Cup series today.

The crowd had laughed shortly before when it was announced that a spiritualist, during a table-tapping seance, had received a message from the late Sir Thomas Lipton saying, although Endeavour had started so well she would not win the cup. There weren't so many laughing when news came of the British boat's defeat today.

Marine Building Will Be Located On Wharf Street

D. B. Plunkett, M.P., Advised From Ottawa of Change in Site—Construction to Proceed Under Federal Recovery Appropriation—Structure Will Improve Harbor Front Property

INFORMATION has come from Ottawa that the Dominion public building to be erected in Victoria will be on the site of what is now commonly known as the Marine Building on Wharf Street, instead of on the opposite side of the harbor where the storage quarters at present exist for the Marine Department. Information to this effect has been received by D. B. Plunkett, M.P., from J. B. Hunter, deputy minister of public works at Ottawa.

Many Drown at Mouth of Ganges

CALCUTTA, India, Sept. 20 (AP).—Forty-five persons were drowned when a river boat loaded with native passengers, overturned during a gale last night off Noakhali, at the mouth of the Ganges. The boat capsized so suddenly it was possible to rescue only five of the fifty passengers.

A. E. MUNN RE-NOMINATED.
NORTH VANCOUVER, Sept. 20 (CP).—North Vancouver Liberals tonight unanimously re-nominated A. E. Munn, M.P., to contest this riding in the next Federal election.

The change in location is in line with the recommendations of Mr. Plunkett, who has for years had in view the carrying out of a plan for the erection of a creditable structure on the site of the present Marine Building. There are a number of Federal services that are located in different parts of the city which it has been felt would be better grouped together in one building. The site now selected, with its convenience to the Post-office and Customs Building, is regarded as admirably adapted for the purpose.

TO BUILD WAREHOUSE.
Mr. Plunkett gives the information that the arrangements are for the construction of a warehouse on the opposite side of the harbor, which will serve as a warehouse for the Bank of Canada.

CATASTROPHE ONLY EXCEEDED BY HAVOC OF BIG EARTHQUAKE

Will Explore Bay For Wrecks With Cargoes of Gold

PORT OF SPAIN, Trinidad, Sept. 20 (CP).—A group of adventurers will sail from here in January to explore Chaparimus Bay for the hulks of a Spanish fleet which legend says carried a huge fortune to the bottom almost a century and a half ago.

Generation after generation has heard the story of how three great galleons were sunk that their rich cargoes might not fall into the hands of a pursuing British fleet.

SURRENDERS FOR ARREST

David Meisner, Wanted in Labatt Kidnapping Case, Held at Detroit

DETROIT, Sept. 20 (CP).—Asserting he did not "have the first thing to do with this kidnapping," David Meisner, one of two men sought by Canadian and Detroit authorities in connection with the kidnapping, a month ago, of John Labatt, Ontario brewer, surrendered to detectives here today.

Meisner said he could produce "all the witnesses in the world—even policemen" to prove he was in Cincinnati at the time of the kidnapping for \$150,000, which, so far as known, has not been paid to date.

He surrendered to Inspector John Hoffman, of the special investigation squad, after making an appointment. Hoffman said Meisner surrendered without any conditions. The other man sought is Albert Peters.

FINANCIER ENDS NOTED CAREER

Alfred Ernest Ames, of Toronto, Succumbs After Short Illness

TORONTO, Sept. 20 (CP).—Alfred Ernest Ames, sixty-eight-year-old head of the A. E. Ames Company, Limited, investment bankers of Toronto, died at his home here tonight after a three weeks' illness. He had been in poor health for some time, but his condition became serious three weeks ago.

One of the Dominion's leading financiers, Mr. Ames started his career in the Owen Sound, Ont., branch of the old Merchants' Bank in 1881, later joining the Imperial Bank of Canada staff at Toronto. In 1885 he was made accountant of the Ontario bank at Peterborough, taking over the management of the bank at Mount Forest in 1887. A year later he was made manager of the Lindsay branch, but he returned to Toronto in 1890 to found the business that bears his name.

He was the first chairman of the Temiskaming and Northern Ontario Railway Commission, taking over the management of the bank at Mount Forest in 1887.

Parliament Will Be Desired to Remedy Evil Bared in Probe

Hon. H. H. Stevens Gives Assurance of Action in Replying to Charges Made by Liberal Leader—Blames the Packers

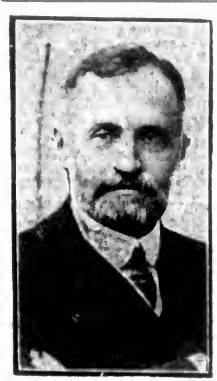

HARROWSMITH, Ont., Sept. 20 (CP).—Positive steps to remedy the evils revealed by the investigation of price spreads and mass buying will be demanded at the next session of Parliament by Hon. H. H. Stevens, Minister of Trade and Commerce and chairman of the investigating committee.

Mr. Stevens gave this assurance at a large meeting in the Frontenac—Addington by-election campaign here tonight, and accompanied it with a sharp reply to charges against himself from Rt. Hon. Mackenzie King, Liberal leader. He also declared that many more shocking revelations of inhuman labor conditions were yet to come from the probe, which he was determined to push, to a finish.

TO RIGHT CONDITIONS.
"At the next session," he said, "as far as my influence goes and my ability permits, I propose to assist in enacting measures to right these conditions. And what assistance have we had from Mr. King and his crowd? Nothing but obstinacy and criticism. He calls me a hypocrite and a traitor because I have spoken out."

ALFRED ERNEST AMES
Who died tonight at his home in Toronto.

Long Prominent in Canadian Finance

The newspaper Asahi said there were indications that the greatest national disaster since the 1923 earthquake had struck Japan, adding that more than 150 schoolhouses had collapsed in Osaka alone.

The storm, typical of those which frequently are the scourge of the Empire during the Autumnal equinox, tore through the industrial heart of the nation, causing death and devastation, and paralyzing industry and communications.

HOUSES BLOWN DOWN.
The damage was most severe in Osaka and Kyoto. Japanese newspapers said many houses were blown down at Kyoto, while a large schoolhouse burned during the height of the storm.

Since all wires were down it was little known how Western regions fared, but severe damage was caused at Osaka.

The newspaper Nichi Nichi reported more than a dozen schoolhouses at Osaka had collapsed, and it was feared that many children were killed or injured.

Fifteen persons were said to have been killed when the famous Ten-noji Pagoda at Akasa, considered a national treasure, was blown down.

Troops were called out to aid in relief work.

The Weather Bureau predicted Tokyo probably would escape the full fury of the storm, which was moving in the direction of Nippon. The full force of the blow struck Osaka.

NEW GOLD FIND AIDS HUNDREDS

Government Geologists Report Favorably—Men on Relief Flock to Field

TORONTO, Sept. 20 (CP).—An interim report, received today by the Department of Mines from Government geologists in the newly-discovered gold fields of the Sturgeon River area, said "any one of the showings of groups of claims inspected would rank as an important discovery."

The geologic report, forwarded by H. C. Rickaby, provincial geologist, said examination of claims was "confined to two of the major groups, namely the group lying north of Windigo Lake and the group along the Sturgeon River."

FAVORABLE GEOLOGY.
"The geology, consisting of green stones, with bands of sedimentary probably folded, intruded by diorite, porphyry, etc., is quite favorable. Several of the veins show good widths and lengths with favorable mineralization."

The minister said the discovery, "practically at Ontario's back door," has been attracting hundreds to the district. To support this, he said there "is not one able-bodied man on relief in the city of Port Arthur, all having either gone to the mining field or obtained work in some connection with firms supplying materials for the new field."

Dynamite Planted Under the Docks

HOUSTON, Tex., Sept. 20 (AP).—Officials of the Morgan Steamship Line announced today, a large store of dynamite, connected to a battery and an alarm clock, has been found beneath the company's docks on the Houston ship canal.

tion, is the opinion of G. H. Ward, secretary of the Canadian Chamber of Commerce in Great Britain, who will arrive in Victoria today, during the course of his third official visit to Canada on behalf of the chamber.
The object of Mr. Ward's present visit is to renew contacts with the various industrial interests of the Dominion, and to keep in personal touch with Canadian industrial problems.
AN IMPORTANT LINK
Mr. Ward believes that the British Empire must accept the policy of give and take. Anglo-Canadian trade is an important link in Empire trade, and he feels that no greater justification can be given for the chamber's existence to expound the interests of Canada's commercial interests in the United Kingdom.
Concerning the commercial situation between Canada and the United Kingdom, considerable improvement has been made during the last two years and more than ever was it evident, according to Mr. Ward, that the chamber could serve a useful purpose in the development of Anglo-Canadian trade.
ORGANIZED IN 1921
The Canadian Chamber of Commerce in Great Britain was organized in 1921, under the presidency of

DICTATORSHIP IS CHARGED
Liberal Leader Says His Is Only Party Standing for Democracy
TORONTO, Sept. 20 (CP).—"Democracy or dictatorship"—Right Hon. W. L. Mackenzie King held up this alternative in Massey Hall, tonight.
At both Conservatives and C.C.F. he hurled the charge that they were working toward a dictatorship.
Mr. Bennett wants a dictatorship in the interests of privileged classes. The C.C.F. wants it to advance their movements," he asserted.
Then, amidst cheers, he declared: "Standing here as leader of the Liberal party, I say we want no dictatorship of any kind."
ALLEGES CONSPIRACY
Once again, but briefly, Mr. King referred to the Stevens pamphlet. He believed there was "collusion" between Prime Minister R. B. Bennett and Hon. H. H. Stevens, in this matter—"more in the nature of a conspiracy to serve the political ends of Mr. Stevens."
Mr. King outlined the position of his party on social measures. Voluntary effort, he said, should first be utilized in an effort to meet the scourges of unemployment, accident, sickness and poverty, and dependence of old age. But, when voluntary effort was inadequate, the state must join in to meet the problems.

ALLEGES CONSPIRACY
Once again, but briefly, Mr. King referred to the Stevens pamphlet. He believed there was "collusion" between Prime Minister R. B. Bennett and Hon. H. H. Stevens, in this matter—"more in the nature of a conspiracy to serve the political ends of Mr. Stevens."
Mr. King outlined the position of his party on social measures. Voluntary effort, he said, should first be utilized in an effort to meet the scourges of unemployment, accident, sickness and poverty, and dependence of old age. But, when voluntary effort was inadequate, the state must join in to meet the problems.

Entry in London to Australia Race

Comfort has been entirely sacrificed for efficiency in this Boeing air-liner which Colonel Roscoe Turner, United States speed ace, and Clyde Pangborn, trans-Pacific flyer, have turned into a virtual flying gasoline tank for the London to Australia air races. This ship can do well over two hundred miles an hour, and should prove a strong competitor in this greatest of all air races.

Industry Expands But Workers Must Yet Be Cared for

Canada Is Turning Out Nearly About 150,000 New Competitors for Jobs—Graduates Becoming Big Factor in Complex Situation—Unemployment Increase Persists, Report Says

OTTAWA, Sept. 20 (CP).—The increase in employment in Canada the last year has been very considerable. The latest Government statistics show this. During the same period the number of persons on relief has declined only moderately. This is an anomaly of the current economic situation, a factor in the complex situation regarding relief that awaits a solution in the signing of new agreements between the Federal Government and the provinces.

GRADUATE PROBLEM
But there is another factor, one of great significance in obtaining a clear picture of the situation. That is the continually increasing number of persons in Canada available for absorption into industry—the thousands of young people annually graduating from school. Averaging about 150,000 each year, these new competitors for the salaried jobs industry offers constitute a problem that so far seems to have escaped economists and sociologists.
To gain a comprehensive picture of the current employment and relief situation, the Canadian Press has made an authoritative estimate of the total number of young persons becoming potential wage-earners during the depression. Adding this figure to the other statistics available, there is obtained an analysis of the present status of the Dominion regarding employment and relief that is both accurate and complete.
Between July 1, 1933, and the same date this year, the employment index for all industries of the Dominion Bureau of Statistics rose from 94.5 per cent to 101 per cent. This is the statistical way of saying 100,000 or more persons are at work in industry than there was a year ago.
FIGURES OF INDEX
The employment index has 1926 as a base of 100 per cent. To give a clear picture of the rise and fall of industrial employment in the Dominion during the whole time, I've got all kinds of witnesses—all the witnesses in the world. I can even bring up policemen to prove I was in Cincinnati."
READY WITH ALIBI
Melsner said he was "willing to bring my witnesses to Detroit and they (the Canadian authorities and the Labatt family) can bring theirs over, too, and we'll go to bat here. If I can't satisfy these people that I didn't have anything to do with this kidnapping, I'll go to Canada under arrest without an extradition fight."
Melsner declared he was surrendering to Hoffman because he felt sure of a square deal. Hoffman announced that Melsner would be held in Detroit. Officials and others anxious to identify the kidnappers will be invited to Detroit.

JAPAN SHOWS AIR STRENGTH

Gives Manchukuoans Impressive Demonstration With Fleet of Battle Planes

TOKIO, Sept. 20 (AP).—To the new kingdom of Manchukuo, quarrelling with Soviet Russia over boundary questions, Japan, today, gave an impressive demonstration of her military might.
Seventy-eight battle planes successfully crossed the 450 miles lying between Dairen, in Southern Manchukuo, and Hsinking, Manchukuo capital, dispatches to the newspaper Asahi here reported, while Japan's combined war fleet continued manoeuvres off Dairen.
The purpose of the mass flight ostensibly was to felicitate Emperor Pu-Yi of Manchukuo on his coronation last March 1.
SAILS FOR LONDON
As the battle fleet went forward with its war games off Dairen, Rear Admiral Isoroku Yamamoto sailed for London to seek revision of the Washington and London Naval Treaties and demand abolishment of the 5-5-3 naval tonnage ratio. Admiral Mineo Osumi, Minister of the Navy, recently told the House of Peers that Japan would demand tonnage equal to that of the United States and Great Britain.
DENOUNCE PLAN
Meanwhile, Japanese newspapers placed big headlines reading: "Japan the Target," and "Japan the Imaginary Enemy" over Washington dispatches telling of the United States navy's plans to stage 1935 manoeuvres in the Alaska-Puget Sound-Hawaii triangle.
A Naval Office spokesman, however, said:
"There is no reason for the Japanese navy to be sensitive concerning the American plans. All navies hold manoeuvres and it always is necessary to have an imaginary enemy."

SAYS BUSINESS GOOD THIS YEAR
Floyd S. Chalmers, Financial Editor, Reports Canada in Better State Than United States
In contrast to the situation in the United States, where business is still below last year's level, conditions in Canada have been remarkably good this year, according to a statement issued by Floyd S. Chalmers, editor of The Financial Post, of Toronto, who recently paid a short visit to Victoria.
Mr. Chalmers said the factors in the business increase in the Dominion were good mining, in which British Columbia is showing up very well, as well as increased exports to British markets.
With materials wearing out after many years of service, people throughout the country are finding it necessary to restock, and thus manufacturing is being speeded up, the editor explained.
The next step, he suggested, was to make obsolescence work. When people got dissatisfied with houses, furniture, automobiles, machines and other indispensable things which are still usable but out of style, business will be given a new fillip. It was the inventive genius of man that speeded up obsolescence, he declared. Hundreds of new products had been invented since the depression put the world on an uneven keel, and the people would soon demand them to the stimulation of trade.

Lumber Exports of Province Advanced By Fifty Per Cent

Great Britain and Australia Were British Columbia's Best Customers in Overseas Trade—Eight Months' Exports Reached 587,628,949 Feet

BRITISH Columbia lumber exports in the waterborne trade chalked up an advance of more than 50 per cent in the first eight months this year, according to lumber inspection figures announced yesterday by provincial forestry officers. A total of 587,628,949 board feet were shipped between January and August, inclusively; compared with 382,691,665 feet in a like period last year.

August shipments were 78,693,301 board feet, compared with 75,432,901 board feet in August, 1933. The gain would have been more, but for heavy Atlantic orders a year ago, and relatively light volume from that region last month.

Columbia's best customer in the export trade, taking 38,700,000 board feet in August, Australia came next, with imports of 16,700,000 board feet. Japan took 11,000,000 board feet, and China 6,600,000 board feet, respectively. Between 1,000,000 and 2,000,000 board feet

were shipped to the West Indies. Shipments to the Atlantic seaboard were included in domestic exports of 471,283 board feet.

Dealing with this year, British Columbia exports for the first six months were 426,872,886 board feet, to which July added 82,062,662 board feet, and August 78,693,301 board feet.

The figures are exclusive of rail-haul within Canada, and sales within the province, for which no totals are available.

EXPRESS NEED OF NEW LEADER

Members of Ward Four Conservative Body Desire Party Convention

Necessity for an early Provincial convention and the selection of a leader for the Conservative Party in British Columbia was voiced at the annual meeting of Ward Four Conservative Association, held in the Campbell Building last night.

The meeting was held for the purpose of electing officers and delegates to the central organization, but the question of leadership for the party was very much to the fore. Both R. A. Wootton, vice-president of the British Columbia association, and Hugh Allan, president of the Victoria body, declared in favor of the calling of a convention.

EXPECT DECISION It was intimated by the speakers that the British Columbia association had two immediate objectives—the convention and election of a party leader, and a voluntary canvass by ward organizations. Both these matters came under the heading of organization, and it was declared that there should be no delay in carrying out the work assigned to the wards.

It is understood that a meeting of the executive of the British Columbia organization will be held within the next few weeks, and some decision concerning the convention is expected to be made when that body meets, probably in Vancouver.

Mr. Wootton, during the course of his remarks, stated that it should not be a difficult problem to secure a leader for the party, which contained some of the most outstanding public men in the province. Mr. Allan said that at this time it was important that the head of the party should be a man who could offer constructive criticism. He did not think the public was in any mood to listen to attacks designed for political advantage.

WARNERS MEMBERS Both Mr. Wootton and Mr. Allan strongly recommended a united Conservative party for the coming Federal election. Mr. Wootton warned the members to beware of propaganda, apparently originating in the East, which he considered was planned as a move to create a division within the Conservative ranks in the Dominion. He was referring, he said, to the report that there was a possibility of Hon. H. H. Stevens, Minister of Trade and Commerce, succeeding Rt. Hon. R. B. Bennett as leader of the Federal organization. Mr. Wootton remarked that the attempt to create a split in the party. Both men, he declared, were too important in the administration of the country's affairs to be separated from the work to which they had been assigned by the people of Canada.

The election of officers resulted in the return of the current year's officials, Thomas Heaslip being re-elected chairman, and Frank E. Coley as secretary. Delegates to the central body are F. W. Zeigler, James Penketh, R. W. Baxter and R. Shepherd. Before adjournment, Mrs. K. Palmer, president of the Women's Conservative Association, gave a brief address.

PAY TRIBUTE TO DEAD COMRADES

Relief Workers Send Floral Wreath Down River That Claimed Five Friends

REVELSTOCK, Sept. 20 (CP).—Somewhere on the rushing Columbia River, tonight, floated a tribute to the memory of five young relief camp workers who crashed to death, August 26, while crossing the river in a cable cage.

At an impressive memorial service, conducted by Rev. C. R. McGillivray, with the loose ends of the broken cable hanging above as a reminder of the tragedy, a floral wreath contrived by members of the relief camp was placed around a wooden cross on a raft and set adrift in the stream.

Only Roy Palmer, of Winnipeg, of the six men in the cage when the cable snapped, escaped. The bodies of E. C. McDonald, Chatham, N.B.; George Bailey, Montreal; H. Davis, Montreal; A. W. Morrow, Vancouver, and Joseph Hall, Fernie, Sask., have not been recovered.

Death Summons Mrs. J. A. Snell

At the Royal Jubilee Hospital, yesterday, after a lengthy illness, there passed away Mrs. Sarah Snell, of 2408 Florence Street, Oak Bay. Mrs. Snell was seventy-five years of age and came to this city thirteen years ago from Yorkton, Sask.

She is survived by her husband, John A. Snell, at the family residence; one daughter, Mrs. George Sharp, of this city, and two sons, W. J. Snell, Yorkton, Sask., and Lawrence Piper, residing at Harrop. Funeral services will be held on Saturday afternoon at 2:30 o'clock at the S. J. Curry & Son Funeral Home. Rev. E. F. Church will officiate, and interment will be made in the family plot at Royal Oak Burial Park.

Saves Boy by Long Swim

Leaping from the burning Morro Castle, Miss Gladys Knight, seventeen, of Shrewsbury, Mass., swam eight miles to shore with seven-year-old Benito Rueda, of Havana, on her back. Rescued and rescuer are shown here.

OLD COMPASS WORK NOT TRUE

C. A. French, Dominion Magnetist, Ottawa, Here on Official Business

It is not impossible that as a result of work being done in British Columbia by C. A. French, magnetist at the Dominion Observatory, Ottawa, who is at present in the city, some correction of old survey lines may take place.

Speaking to a Colonist representative, yesterday, Mr. French said he did not think that any such correction was probable, but he did cite as an interesting fact that in parts of Eastern Canada, where the original survey lines were made in the eighteenth century by means of a compass, the lines cannot be relocated without the knowledge of the change in the deviation of the compass.

This, in other words, indicates one of the immediately practical values of the work in which he and his department are engaged, viz, the magnetic survey of Canada. This was initiated about twenty years ago, and has brought Mr. French to Victoria no less than three times since his first visit here in 1908 to install the station which he has on this visit had transferred from Dallas Road to the Mount Tolmie district.

FUNCTION OF STATIONS The function of the magnetic survey stations is to take the deviation of the magnetic needle from the true north. The compass needle, for instance, is twenty-five degrees east of true north, whereas on the Atlantic seaboard it is about thirty degrees west of true north. And these deviations change from year to year. For the Pacific Coast and the greater part of Canada, the northern end of the needle is moving to the west, but on the Eastern Quebec and Labrador coasts the north end of the compass is moving east. The disappearance of the old eighteenth century survey lines made with the compass can, therefore, be understood.

"That," says Mr. French, "indicates one of the most important values of the magnetic survey, which is to take the deviation of the compass from the true north is."

TO LEAVE SATURDAY On his present trip, which started at Edmonton, Alberta, about the end of June, Mr. French installed six stations in the Yukon Territory, and

several in British Columbia, including Prince George, Smithers, Jasper, McBride and Prince Rupert. By the time he leaves the province he will have installed about twenty. He arrived here on Wednesday evening, and intends to leave on Saturday.

Among the friends whom he has visited while here is W. E. Harper, of the Dominion Astrophysical Observatory, who was at Toronto University at the same time.

WELFARE SOCIETY ELECTS OFFICERS

Fall Executive Returned to Power by Saanich Association at Annual Meeting

All last year's officers of the Saanich Welfare Association were re-elected at the annual meeting held yesterday. Mrs. T. Todd was returned as president; Mrs. Dealey, secretary-treasurer; Mrs. W. H. Carr, recording secretary; Miss Oldfield, first vice-president; and Mrs. W. M. Foster, second vice-president.

Mrs. P. F. Osborn, during the course of the meeting, paid tribute to the splendid work done by Mrs. Todd as president for the past four years, and in appreciation, presented her with a bouquet of flowers. Miss Oldfield moved a vote of thanks to Mrs. Dealey for the efficient way in which she looked after the finances of the association.

ANNUAL REPORT Mrs. Carr read the annual report, outlining the accomplishments of the society for the past year. This report showed that 1,500 persons were on the books between September 1, 1933, and June 30, 1934; 1,863 families applied for help, this figure representing 5,033 persons; 406 new pairs of boots were distributed; fifty-seven pairs of rubbers and gumboots; forty-two coats were made; 1,444 articles of new clothing were given out; 975 parcels of old clothing given to needy persons; eight blankets; fifty-three new comforters; ninety-eight pairs of leather shoes; 978 packets of seeds for gardens; sixty-eight families had jam or cocoa; 390 persons were provided with potatoes or other vegetables, besides eggs, groceries and meats, which were donated to the association for distribution.

BESIDES the above mentioned, heaters, coats, bangles and other articles of furniture were distributed.

HAMPERS DISTRIBUTED During the Christmas season, the committee distributed 398 hampers, made possible largely through the efforts of Reeve William Crouch, who collected \$900 to help the worthy cause.

Welfare officers and the executive wish to thank all who donated to the 1933 drive for Saanich welfare; Reeve Crouch and Saanich councilors for the welfare headquarters; Mrs. McAnally, of Ten Mile Point, and helpers; the Red Cross Auxiliary, both city and district branches; the Saanich school trustees; the Women's Workroom and all other contributors.

Japanese Count Loses Peerage

TOKIO, Sept. 20 (AP).—Count Histaka Hijioka, thirty-six-year-old scion and head of one of Japan's nobles families, has been banished from the peerage for praising Soviet literature.

The count has long been under suspicion of fostering the Communist movement in Japan.

The count apparently has gone into voluntary exile. Leaving Japan, he sold his property and took his wife and child with him.

ADOPT SCHEME FOR MARKETING

Tomato and Cucumber Growers Elect Members to Local Control Board

One hundred Vancouver Island growers of bothhouse tomatoes and cucumbers adopted a scheme for regulating the marketing of their produce under the National Products Marketing Act, when they met last night in the Chamber of Commerce auditorium.

They also named three of their number to a local control board, which will be established when the Federal and Provincial Governments set the marketing scheme into action.

A copy of the proposed scheme will be sent to the Provincial Government for consideration.

The control board will consist of three growers, George Riddle, Bernard Parkin and Mar Leung, and its members will be paid from a fund to be built up through the imposition of a sales tax on produce.

Purpose of the scheme is to centralize distribution of produce, eliminate "hoarding," keep prices at a reasonable standard, and establish co-operation to advance the mutual interest of all producers. The Vancouver Island board will be given

power to co-operate with similar boards that may be established elsewhere in British Columbia.

Power will be invested with the board to restrict importation of tomatoes and cucumbers from other unregulated parts of the province into a regulated area of the Island. The board will also be empowered to make pools for the equalization of returns received from sales.

To defray operating expenses of the board, a sales tax, not to exceed five cents a package, will be levied when growers deliver their produce to the board for sale from a central distributing market.

CHICKEN FEED

Two Irishmen had just landed in America, and, like many immigrants, America and money were synonymous to them. While walking down the streets of New York one of them picked up a quarter

that lay in the gutter, and a little further on was fortunate enough to see a dollar that lay on the sidewalk. When stooping to pick it up, his partner, slightly irritated over the delay, called back:

"Mike, don't bother with that scattered stuff; wait till we get to the pile."

INTERNATIONALISM

Major Attlee, the deputy leader of the Labor Party of Britain, is attending the meetings of the League of Nations at Geneva. He is a trusty Socialist, and, as such, an Internationalist as well. His advocacy at Geneva is of an International Civil Air Force, an International Air Police Force and an International Merchant Marine. He is not a world peace advocate, but a world peace advocate of how peace should be maintained through the world is by the medium of a "cast-iron" system of treaties of non-aggression and mutual assistance, applicable world-wide. He would be perfectly satisfied, like so many of the proponents of an International Police Force, to abolish the British Navy and the British Army. His loyalties do not belong to Britain; they have been transferred to the world as a whole.

The unfortunate thing about the attitude of Major Attlee is that he is speaking in the name of British Labor, and that section of the British community does not by any means wholly entertain his views. There is a very large section of Labor that is not Socialistic. There is a section still that does not believe in the sort of Internationalism that Major Attlee preaches. Moreover, the good sense of a vast majority of the British people will deter them from subscribing to an International Police Force of any sort, for the simple reason that where their own welfare is concerned they prefer to rely on their own efforts. Until the heart of humanity undergoes a radical change an International Police Force is impossible as a permanent institution. Its very composition would be the breeding ground of suspicion and distrust; the problem of its direction would remain an insoluble one, or one that would promote unending jealousies. For the proponents of peace at any price there is high sounding significance in the suggestion of an International Police Force. For patriots, however, the proposal is an empty, vague, glittering generality. Internationalism, such as Major Attlee envisions, is not going to decide the destiny of nations. Their own efforts will continue to count for their place in the hegemony of human affairs.

RADICAL ORATORY AND LOGIC

Radical agitators are fond of extreme language and do not hesitate to use words in a manner calculated to cause confusion of thought. One spellbinder recently who had been publicly rebuked for his inaccurate use of words retorted that he had a perfect right to attach whatever meaning he wished to the words he employed; a doctrine which, if generally accepted and acted upon, would soon make ordinary human intercourse extremely difficult.

Many radical politicians, for example, seem bent upon making it appear that interest and usury are convertible terms. "Interest" is a mild, colorless, inoffensive term as ordinarily understood. "Usury" is a stimulating morsel upon the tongue of the orator and is by him esteemed a deadly epithet on account of its hateful connotation. Accordingly, the revolutionaries have much to say of usury and the usurer, the greedy, hard-hearted, and remorseless oppressor of the poor. In the dark lexicon of radicalism the man who puts his savings out at interest, in a government bond, for example, is a usurer, nothing less.

This practice of confusing the two words mentioned may possibly be due to ignorance, but more probably to disingenuousness. Most people are aware that there is a difference between interest and usury, a difference which is not hard to discern. A certain man desires to borrow a sum of money. He wishes to acquire possession and control of this money in order to purchase some durable thing like a house, a set of tools. There is a fair prospect that the thing purchased will prove of such service to him, not once merely, but over and over again, as to increase his effectiveness in his calling and make it possible for him ultimately to pay back the principal sum and along with it an additional something sufficient to reward the lender for consenting to forego the use of the money during the interval. In such a case we had better stick to the word interest. There can surely be nothing reprehensible in such a transaction, nothing to excite horror and detestation. On the one hand, the borrower is furnished with the means of finding an outlet for his productive energy and skill. On the other hand, the lender receives the reward of abstinence and saving, the thrift and patience which someone must practise if capital is to be provided for new enterprises.

There are loans which may be described as non-productive. A man may borrow in order to buy for household and family use, not durable goods capable of giving continuous service over an extended period, but mere consumable goods like food or fuel, which can render but one service and perish in the using. In the nature of things such an expenditure of borrowed money would be unproductive in an economic sense and could not directly produce any "interest," although no doubt it might help the borrower over an unproductive season and so prove a fortunate investment in the long run. The point, however, is that borrowed money spent on non-productive and highly productive and the gap between non-productive and highly productive is filled up with an extended series. Obviously what would be a fair interest in one case might be usury in another.

No doubt the motive which impels the agitator to describe all interest as usury prompts him also to invent and use the epithet "wage-slave" in order to make it appear, if possible, that there is no difference between the normal employment of free labor, on the one hand, and slavery on the other. The vocabulary of the radical furnishes many examples of this kind of thing, and

his reasoning is on a par with it, especially when he ventures to speculate upon the relation of cause and effect. He is not ashamed to declare that high interest rates are the cause of budget deficits. A moment's calm reflection should be sufficient to make it clear, even to a radical spellbinder, that high interest rates are the direct effect of the extravagance, the mismanagement, and the reckless borrowing which preceded the budget deficit.

NEW PRIMATE

The consecration on Wednesday of the Right Reverend Derwyn Trevor Owen, Bishop of Toronto, as Primate of Canada places in this high office one of the most progressive members of the Anglican Church in the Dominion. Hitherto, nominees for the Primacy were confined to the Archbishops, but the restrictions as to age and range of choice were removed at the present meeting of the General Synod, and the designation of a successor to the late Most Rev. Clarendon L. Worrell, Archbishop of Halifax, fell upon one of the younger dioceses. The new Primate is fifty-eight years of age and has been only nine years a bishop. The expressed purpose of the General Synod to establish as early as possible a primatial see, by which the Primate will have charge of a comparatively small diocese and thereby be released for episcopal duty over the whole church, will give him opportunity of service beyond any of his predecessors.

The appointment will meet with deep satisfaction throughout the whole church. During his short term in the episcopacy, Archbishop Owen has become widely known and highly esteemed. He was chairman of the Anglican National Commission, which for three years, from 1928 to 1931, travelled over Canada investigating the needs and opportunities of Anglicanism. During the tour he visited Victoria. The Commission's report, that was made at the last General Synod, has become the guiding policy of the church. The new Primate is gracious and sincere, firm but not dogmatic, warm-hearted, generous-minded, of judicial temper, a wise administrator and greatly loved. When Dean of Christ Church Cathedral, Hamilton, he was elected Bishop of Niagara unanimously, an almost unprecedented act of appreciation. Given the ordinary term of life, Archbishop Owen will exercise during the coming years a tremendous influence for good upon his own communion and the general religious life of Canada.

WORLD'S GREATEST TELESCOPE

The telescope being constructed for the California Institute of Technology will not be in position for several years to come, although it has been in the process of making for over three years. The delay is occasioned by the failure in the making of the mirror. Imperfections have developed. It must be destroyed and a new one made. When the molten glass was being poured into the huge mould the ceramic core broke away from their anchorages and became embedded in the liquid glass. The mirror was allowed to cool, a process which took several weeks. The hope was that in the grinding the imperfections could be removed. They cannot. A new mould has been designed and built and the same formula for the glass will be employed. The cores of the mould are now being fastened more firmly with materials of greater heat resistance than the steel rods used the first time. After the glass is poured into the new mould it will be cooled slowly for from eight to ten months. Then will come the grinding of the concave surface, a process expected to take three or four years. The mirror is to be 200 inches, or twice the diameter of the largest telescope mirror now in use. The object of its construction is to open up new solar reaches to human knowledge.

Men of many words sometimes argue for the sake of talking; men of ready tongues frequently dispute for the sake of victory; men in public life often debate for the sake of opposing the ruling party, or from any other motive than the love of truth.—Cicero.

Fancy and humor, early and constantly indulged in, may expect an old age overrun with follies.—Watts.

No nation can be destroyed while it possesses a good home life.—G. Holland.

The Weather

Meteorological Office, Victoria, B.C., at 8 p.m., September 20, 1934.

SYNOPSIS
The barometer is rising on this Coast and fair, moderately warm weather is general on the Pacific Slope. Light frosts have occurred in Central British Columbia, and sharp frosts in most parts of the Prairie Provinces.

Note and Comment

By R. R. D.

A wet sheet and a flowing sea,
A wind that follows fast,
And fills the white and rustling sail,
And sends the gallant mast—
—(Shakespeare) (possibly).

When the historians of a later age begin to compile histories of the present age, they probably will describe the current age as an age of sport. One form of sport of the present age has been described as the sport of kings. Whatever the sport of kings may be today, the kings of yesterday were nearly all interested in some form of sport, some of them rather brutal forms. The kings of England, until the selection of Dutch William to become a reigning monarch, nearly all delighted in games and sports, and took an active part in them, and the common people thoroughly approved of the pastimes of their kings, because the British people always have been fond of play. On the village green and in the royal demesnes there always have been games of some kind going on and being enjoyed. It never has been said, but it might have been said, that it was on the playing fields of Britain that a true democracy had its birth and has been developed.

Whatever the sport of kings may have been, yacht racing, in its international sense, is the sport of millionaires. A sailor who issues a challenge for the America Cup must have at least a million dollars to draw upon before he throws a gage of battle in the face of the magnates of the New York Yacht Club. That was not always so, but the rules and regulations of the competitions have made it so. There was a time, of course, when the amateur captain of any sea-going craft could drop anchor in the port of New York and challenge the members of the yacht club to a race for the coveted cup just for the thrill of the thing, but none of those vagrants of the sea had a chance of winning, and they all knew it.

Racing for the America Cup had been gradually developed into a special form of yachting. The conditions laid down demanded the construction of a special form of craft, and the prevailing conditions of the weather demanded a special form of seamanship. Coats, the thread makers of Glasgow, probably were the first challengees to meet the various conditions, and they failed. Lord Dunsany, an Irish sportsman, next tried, and failed, and was charged with displaying some temperamental spleen because of his failure. Sir Thomas Lipton built and equipped a whole family of Shamrocks, and met with little success, with the possible exception of proving that it was possible to build a boat, which, if handled with care, could cross the ocean and "lift the cup." The occasion seems to have produced the man for this job. Although there may yet be a slip between the cup and the lip, the English yacht Endeavour has two victories to her credit, and appears to have demonstrated that she is speedier than the Rainbow on any point of the compass. Who is this Englishman that has felt the unusual thrill of beating the fastest yacht in the United States from the starting to the finishing point? The following story of his life and achievements has been printed in several publications in Canada and the United States.

Men who go down to the sea in sail and costly yachts will tell you that the new champion of England's quest for the America's Cup is a worthy successor of the late and great sportsman, Sir Thomas Lipton.

Old Tom was just that—a sportsman. Five times he tossed fortunes into the building of fast sailing cutters, and five times he looked on amiably while his challengers, manned by professional skippers and crews, lost to American defenders.

Young Tom—Thomas Octave Sopwith—is no swivel-chair commodore. He's a yachtsman who can handle a wheel and sail. It goes without saying that he is a sportsman; none other would spend \$700,000 in an effort to capture the ugly mug of the New York Yacht Club in 1934.

Small boy (at boat race, pointing to cox): "That man at the back of that boat doesn't seem to be doing much."
Pal: "Perhaps he's a slowaway."

TELLS CLUBMEN ABOUT IRELAND

Rev. W. R. Brown Declares
New Remedy Is Required
in His Native Land

Lamenting the fact that his native land of Ireland was torn by antipathies, Rev. W. R. Brown, who recently returned from a visit to Ireland, told the Rotary Club, yesterday, that it would take some other kind of policy than that pursued in the economic conference held in Ottawa a short time ago to overcome the troubles in Ireland. It appeared there would have to be something devised to eliminate the past and perhaps do penance for it.

Mr. Brown, with an ardent love for his native land and with a pride in the people, has an abounding faith that some day peace must reign.

When that day comes, says Mr. Brown, they would have one of the brightest gems in the crown of Empire. The warm-hearted and courageous people included in the Irish race were adapted to serve the ends of Empire with credit to themselves and to the Commonwealth.

The speaker did not lay the blame at the door of anyone. He presented a picture of the country as he found it, on his return, presenting the views of the various factions as they were given to him without ascribing praise or blame to any of them.

After being twenty-one years away from Ireland, on his return he tried to find what was the reason for the deep antipathy towards the English that was held by the people of Southern Ireland. He also sought to find out how the De Valera Government stood in the Irish Free State.

If you ask a citizen of the Free State if it would not be possible for the north and the south to come to an agreement and get along peacefully, he will regard you as being uninformed as to the annals of history. He will tell you that the English people do not understand Irish conditions and the viewpoint of the people of Ireland, Mr. Brown declared.

The people of the south of Ireland blame the English people for having fostered antipathy among the Irish people. They will quote history to show that since the time of Henry II, the English stirred up internal fights in Ireland, and this for the advantage of the English people.

When the Government seized cattle and offered them for sale at auction to meet the annuities, the people refused to bid on the animals.

The annuities were the rock upon which it appeared the De Valera Government might founder.

While Ulster welcomed home rule, it did it only with separation from the south. There was no readiness to unite, said Mr. Brown.

FIFTY YEARS AGO TODAY
(From The Daily British Colonist of September 21, 1884.)
Watson-Watney Race—A large concourse of people assembled at Beacon Hill yesterday afternoon to witness the race arranged between Watson and Watney for 1000 British was held and shortly in favor of Watney. At fifteen minutes to six, the men appeared upon the course in good trim, both confident of victory. As six o'clock struck, Mr. Watney, who acted as starter, gave the word "go," whereupon Watney immediately took the lead, leaving Watson a considerable distance behind. As the men rounded the second bend, Watson rapidly closed upon his opponent, passing him and gradually lessening the distance between himself and Watney, coming in an easy winner by 500 yards. Watson also had such success in a runner ahead of him, was a champion oarsman in pairs, and a champion runner in Watson. Watson is settling in.

Alexandra Mine—Messrs. Dunsen & Sons have decided to name their new mine the "Alexandra Mine" after the wife of the Prince of Wales. J. Dick is down with the shaft about forty feet, and expects to reach the coal in a few days. He reports that the rock looks good, and the prospects are excellent.

THE COLONIST IN LONDON
The Colonist may be procured at the following prices:
Wholesale—Messrs. W. & A. G. Smith, 11, Abchurch Lane, London, E.C. 4, all in stock. All are invited.

Judged at Saanichton Exhibition

Judges for the sixty-sixth annual Fair of the North and South Saanich Agricultural Society, held this week at Saanichton, were as follows:

Horses—Robert Matthews.
Cattle, sheep and swine—S. J. Bowman, B.C. Electric Railway agricultural expert, Vancouver.
Goats—George Palmer, Department of Agriculture, Victoria.
Poultry—Rev. C. McDiarmid, Ladysmith.
Eggs—William Hagger, Dominion egg inspector, Victoria.
Grains, grasses, seeds, etc.—E. M. Straight, B.S.A., Experimental Farm, Field roots, for stock, and honey—E. M. Straight, B.S.A., Experimental Farm.
Vegetables—G. L. Foulkes, Horticultural Branch, Victoria.
Fruit—L. E. Taylor, "Wrentham," Saanichton.
Flowers—George Robinson, Elk Lake, Royal Oak.
Jams, bottled fruits, etc.—Mrs. J. D. Gordon, Victoria.

Amateur photography—Thomas Waterworth, Victoria.
Dog show—Miss A. L. Hickling, Nanaimo.

SOCIAL WELFARE SOCIETY MEETS

Friendly Help Aids Average of 213 Families a Month During Summer

An average of 213 families per month had been taken care of during the months of June, July and August, Miss E. Grubb, general secretary, informed a meeting of the Friendly Help Welfare Association, held this week.

Representatives from Oak Bay, Saanich and Esquimalt attended the meeting when plans were discussed for the campaign to raise \$45,000 to carry on the work of social service throughout the Greater Victoria area.

The clothing department of the association was reopened on August 15, the secretary reported.

SMALL SURPLUS
Fred Landsberg, treasurer of the special camp fund, reported that

CULBERTSON ON CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

WHEN NO TRUMP IS SAFEST

Though it is a fundamental principle of the Culbertson system to approach with suit bids whenever possible, it does not follow that no trump is to be avoided as the final contract. The trump suit, usually an effective barrier against attack, may be just the opposite. If so, it may be wise to come out of the trump fortress and fight in the open. Such a situation occurs when an adverse double reveals that an unfavorable trump break is to be anticipated and the combined hands have another long suit, the running of which will fulfill the contract. In today's hand, played at Crawford's Club, New York, East's double of the final grand slam bid sounded an alarm for the South player, who now realized that the club suit, rather than the diamonds, must be the backbone of the contract. This being so, South bid no trump as a safety measure, and added, it must be confessed, by a favorable break, fulfilled his contract.

South, dealer.
North and South vulnerable.

INCORPORATIONS ARE TAKEN OUT

Winnipeg Firm Granted Extra-Provincial Licence to Trade in British Columbia

Nine new companies, one society, and an extra-provincial concern were licensed to do business in the

Province this week. The list follows:
 Abco Mines, Ltd. (N.P.L.), \$1,500,000 in 3,000,000 shares, Vancouver.
 Ideal Lumber Company, Ltd., \$10,000, Vancouver.
 Montreal Shipping Company (Pacific), Ltd., \$20,000, Vancouver.
 Transportation Field Sports Society, under Societies Act, Vancouver.
 St. George's School (1934), Ltd., \$25,000, Vancouver.
 Twin Cedars Farm, Ltd., \$100,000, Vancouver.
 Warnick's, Ltd., \$10,000, Vancouver.
 Wellburn Cameron Timbers, Ltd., \$10,000, Deersholm.
 Western Development Company, Ltd., \$10,000, Vancouver.
 Western Nickel Corporation, Ltd., \$100,000, Vancouver.
 Epsom Refineries, Ltd., with offices at Winnipeg and New Westminster, and paid-up capital of \$30,000, was licensed as an extra-provincial concern.

PRODUCTION OF COAL IMPROVES

British Columbia Eastern Mines Boost Eight Months' Total 14 Per Cent

British Columbia coal production between January and August, inclusive, this year, amounted to 864,396 long tons, a gain of 14 per cent over output for the corresponding period last year. Most of the increase was in Interior coal fields.

August production amounted to 123,486 long tons, compared with 110,839 tons in August, 1933. Of the August total, East Kootenay mines handle 66,572 tons; Vancouver Island mines, 45,911 tons; and Nicola-Princeton mines, 10,903 tons. In addition, 1,300 tons of coke were produced at Michel.

Island production was less by 20 per cent in August, when compared with the same month last year. East Kootenay and other Interior fields showed substantial gains, amounting to approximately 30 per cent in the case of the former.

Production for eight months last year was 782,440 long tons.

What Today Means

"VIRGO"

If September 21 is your birthday, the best hours for you on this date are from 11:15 a.m. until 1:15 p.m., from 3:15 to 5:15 p.m. and from 7:15 to 9:15 p.m. The danger periods are from 8:15 to 10:15 a.m., from 1:15 to 3:15 p.m. and from 9:15 to 11:15 p.m.

On this date influences conducive to good humor and fellowship may prove helpful in establishing better understanding and closer relations on a social basis, with some business acquaintances. Good judgment, however, should be exercised that nothing is done or said that might be lead to the impression you are taking advantage of their good nature. Money should circulate freely and financial troubles greatly eased if it is handled judiciously. Care should be exercised in the selection and buying of food, as there may be a great variation in grades offered the public. Unless you are watchful you may find that instead of receiving the quality paid for, a poorer one has been substituted. An attempt may be made by a stranger to film-film you through the telling of a tale of woe, so it possibly may prove wise to be careful how readily you reach for your pocketbook. Social contacts are likely to be made that may renew old friendships or probably create new ones, which in time may turn out to be very delightful. Married and engaged couples, as well as those aspiring Romeo and Julietes longing for ladders to climb or balconies to enable them to look down upon ambitious swain, will do well to remember "pride goes before a fall," or the indulgence in being self-opinionated, may prove a dangerous pose on this date.

If a woman and September 21 is your natal day, you have been blessed with a marvelous capacity to love and a great reluctance to hate. You should have an unusual number of devoted friends. If you will use common sense in protecting your heart from sullying germs, the right man will help you keep it uncontaminated and filled with the glow of a mighty love. Dame Fortune may treat you most graciously. The child born on September 21, when it reaches school age, may surprise its family by its sense of responsibility and steadfastness of purpose.

If a man and September 21 is your birth anniversary, your high ideals can be developed to the degree where they will have the power to overcome any little weaknesses. Strength of character is all you should require to enable you to see your dreams for successful accomplishment realized. A good woman can prove more helpful to you than money. Love is essential for your complete happiness.

Callouses
 Easily relieved by this double-acting, safe, cure treatment.

WAR LOOMING OVER EUROPE

Rev. G. A. Reynolds Gives Impressions of Visit to Germany and England

"On every hand there is suspicion, distrust and preparation for some thing—preparation for war, and it will come in your time and mine unless we seek the guidance of God to lead us out of this international morass," Rev. G. A. Reynolds, pastor of the First Baptist Church, declared in closing his address on his impressions of Germany and England, before some 250 persons in the Memorial Hall, last night. Very Rev. G. S. Quinlan, Dean of Columbia, presided.

Mr. Reynolds described many of his experiences in England to illustrate how the homeland had changed since his boyhood days. The march of civilization had not left the Old Country untouched, and where one had memories of quiet, peaceful country villages, grim reality brought disappointment, for buses, automobiles, motorcycles and other means of conveyance has turned England's peaceful countryside into noisy highways.

CHURCHES EMPTY

The speaker deplored the lack of Sabbath observance, telling his audience of how few persons attended the churches in England now. "They are all to be found at seaside and country resorts."

Touching upon the Baptist World Alliance Congress held in Berlin, Mr. Reynolds said that while no restrictions were placed on the meetings themselves, there was little of adverse news to the Government emanating from the congress that got into the Berlin newspapers.

He also spoke of the seriousness of the German people, the fanaticism of Adolf Hitler, and his belief that he was but a tool in the hands of the militarists. Following these impressions, he summed up the whole European situation, and told how foreboding were the signs of war.

Mrs. Percival Spencer Succumbs in Hospital

Mrs. Annie Marie, wife of Spencer Percival, of Port Washington, passed away at St. Joseph's Hospital yesterday morning, aged seventy-three years. She was the daughter of the late Henry Lowe, of the Moss House, Leake, and of Deane, the late Dr. John Lowe, was physician extraordinary to the late King Edward. The deceased was educated by private tutors and became accomplished in music and art. She will be remembered for her kindness of heart.

Besides her husband and her husband's relatives, she leaves to mourn her loss a nephew, Guy Cunningham, and niece, Olive Cunningham, of Salt Spring Island, and Mrs. A. W. win, of Sidney, and a brother, nieces and nephew in Australia.

The funeral will take place on Pender Island. Arrangements are in the hands of the B.C. Funeral Co. (Hayward's) Ltd.

A. J. KIRKPATRICK CALLED TO REST

The death occurred on Wednesday, at the Royal Jubilee Hospital, of Arthur John Kirkpatrick, of 22 Douglas Street, aged forty-eight years. He was born in Glasgow, Scotland, and came to reside in this city nine years ago. During the Great War he fought with one of the Scottish regiments and was wounded at the First Battle of the Somme and invalided back to Scotland.

He is survived by his mother and one sister in Glasgow, Scotland, and one sister in Southport, England, and one brother in Scotland.

Funeral service will be held on Saturday at Hayward's B.C. Funeral Chapel at 1 p.m., after which the remains will be forwarded to Vancouver for cremation.

BRINGS LINDBERGH CASE NEARER CLOSE

Continued from Page 1

"In your opinion, does this solve the Lindbergh kidnapping?"

General O'Ryan conferred for a few minutes with J. Edgar Hoover, head of the Bureau of Investigation of the United States Department of Justice, and said:

"Yes, it will."

After an afternoon filled with sensational rumors that the "break" long awaited had come, General O'Ryan emerged from secret conferences with Hoover and others at the Greenwich Police station and issued this terse statement:

"We have in custody the man who received the ransom money. He is Bruno Richard Hauptmann, of 1279 East 22nd Street, the Bronx. He is an alien, who came to this country as a stowaway eleven years ago."

AT POLICE STATION

Among those at the police station was the man of many missions in the long hunt—"Jafie," Dr. John A. F. Condon, aged welfare worker drawn into the search by the noted aviator after other intermediaries had failed.

It was "Jafie" who paid the \$50,000 to the supposed kidnappers—the night of April 2, 1932, at a cemetery in the Bronx, a month after the kidnapping.

After the announcement of the arrest, General O'Ryan said Hauptmann was identified positively as the recipient of the ransom money.

The identification was made by "witnesses," O'Ryan said. This was taken to mean that "Jafie" had been the prisoner and had made the identification.

Hauptmann, placed in the prisoners' lineup later, was also identified by John Perrone, Bronx taxi driver, as the man who, two days after "Jafie" advertised himself as the Lindbergh negotiator, gave him a dollar to deliver a note to the Condon home.

Hauptmann was in line with other prisoners. Perrone was led in. "Pick out the man who handed you that note," Perrone was told. Without hesitation, the taxi driver tapped Hauptmann on the shoulder. "This is the man," he said.

CLOSELY WATCHED

Hauptmann had been closely watched by police and Federal agents since he paid for gasoline at a filling station several weeks ago with a \$10 gold certificate, identified by serial numbers issued to all banks as one of those in the ransom payoff.

The filling station proprietor, remembering the gold certificates had been called in by the Treasury, became suspicious and notified police.

Hauptmann, it was reported, was driving an automobile identified as one stolen near Lakewood, N.J., the day before the blond, curly-haired Lindbergh baby, Charles Augustus, Jr., was stolen from his crib from the second floor nursery of the secluded Lingsberg home in the Soudland Mountain district near Hopewell, the night of March 1, 1932.

With O'Ryan and Hoover, behind closed doors, were Frank Fay, Hoover's New York chief, and H. Norman Schwarzkopf, chief of the New Jersey State police, who had participated in the search from the start.

Attorney-General Homer Cummings, in Washington, disclosed that Hoover had informed him of Hauptmann's arrest.

RANSOM MONEY FOUND

O'Ryan said: "We have the ransom money, found on the premises of this man, and we will allow it to be photographed."

"How much of the money have you recovered from Hauptmann?"

"\$13,750 in \$10 and \$20 bills, said O'Ryan.

"How many people have you in custody?"

"One at the moment," O'Ryan tonight issued the following statement:

"The story as related by the detectives who have been engaged on the case for more than two and one-half years might best be told in chronological fashion."

"Within two days after the payment of the ransom money in St. Raymond's Cemetery a \$20 gold certificate was discovered in the East River Savings Bank, on Amsterdam Avenue and 96th Street.

LACKED GOOD CLUES

"However, despite untiring efforts on the part of the investigators, we were unable to discover a single tangible lead as to the identity of the passer of the ransom money, and for more than two years not one bill of the \$20 denomination appears again."

"Meanwhile, some \$5,000 in \$5 and \$10 bills were passed to small shopkeepers at various locations throughout the city."

"The same denominations of these bills and their common use made them practically useless to us, yet entitled an individual investigation for each specified bill. Despite the disheartening fact of the seeming failure, our men refused to be disheartened. Three weeks ago \$10 and \$20 gold certificates appeared in the Yorkville and Fordham sections of the city."

ASKED TO CO-OPERATE

"Storekeepers, garage owners and all merchants, particularly gas stations, were asked to co-operate and requested to identify, as near as possible, the owner, with each \$10 and \$20 gold certificates passed on to them."

"It was suggested, whenever possible, to mark either a street address or automobile license number on the bills of the one passing the bill."

"In connection with this we traced a \$20 gold certificate to a shoe store in Fordham, and from that merchant we secured a description of the man who passed it."

"Subsequently, one of the ransom bills bearing an automobile license number, was discovered in the Corn Exchange Bank at Park Avenue and 125th Street. From there the bill was traced to a gas station in the vicinity of the bank."

"The operator of the gas station described the customer who passed the \$20 gold certificate, in an almost identical fashion as the one described by the Fordham shoe store proprietor."

"Securing the name and address of the owner of the automobile bearing the license number appearing on the bill, the investigators kept the premises under surveillance. Because of the importance of the case and the danger in the least possible slip-up, the men acted with caution, and at 9 a.m. Tuesday morning, Bruno Richard Hauptmann was seen to leave his residence in the automobile bearing the license which appeared on the bill, and started toward Yorkville, with the detectives following."

STOPPED BY POLICE

"When his car reached Tremont and Park Avenue, the detectives halted. Hauptmann's car, directed him to get out and, searching him, found another \$20 gold certificate identified as part of the Lindbergh ransom."

"He was immediately taken back to his home, and while detained there admitted passing the \$10 and \$20 gold certificates found by the police. He denied, however, all knowledge of the Lindbergh ransom money."

"Meanwhile a search of the place was instituted and a pair of shoes located and identified by the Fordham shoe store proprietor, was found."

FIND HIDDEN MONEY

"Today, in continuation of the search of the house, Detectives John Murphy, Frank Dunn and James Petrosini, of the New York Police department; Sergeant Wallace, of the New Jersey State police, and Special Agent Turo, of the Department of Justice, found, after a diligent search of the entire premises, \$13,750 hidden under the floor of the garage and in the ash of the door."

WRITING IDENTIFIED

WASHINGTON, Sept. 20 (AP).—Justice department officials dis-

closed tonight that Bruno Hauptmann's handwriting tallied with that on ransom notes in the Lindbergh kidnapping.

Hauptmann's application for an automobile licence in New York State in the Summer of 1932 was used to check the notes, whose contents never have been fully made public.

WORKED NEAR HOPEWELL

NEW YORK, Sept. 20 (AP).—Bruno Richard Hauptmann acknowledged, police said tonight, that he had been employed in the neighborhood of the Lindbergh home at Hopewell, N.J.

As a carpenter, police said, it has been established that Hauptmann had access to a lumber yard where timber was found bearing a peculiar mark also presented on the kidnapping ladder lumber.

PARROT LEADS IN RACE AGAIN

Five Teams Tied for First in Distance at Vancouver Contest

VANCOUVER, Sept. 20 (CP).—Canadian-Italian combination of Polly Parrot, Victoria, and Frank Turano, swept to the front of the international six-day bike race tonight after an hour of whirling sprints around the saucer track.

The leaders were tied in distance, 1,622 miles, with four other teams, but were ahead in sprint points.

The veteran Reggie McNamara and his Spanish partner, Tony Echeverria, were second, twenty-one points back of the leaders.

"My clothes are wearing out so fast!"

CLOTHES COST DOLLARS...

CHIPSO PENNIES

SAVE CLOTHES

USE CHIPSO FOR DISH-WASHING

MADE IN CANADA

MANY women, attracted in the store by cheap soap flakes, have realized at home that the so-called "bargain" was "all in their eye."

Suds, not size of package, are what count in the long run. You can't have rich, safe suds from anything but a fine, rich soap.

"Chipso goes farther"

"I know now that Chipso's best," says Mrs. Harvey Fell. "The suds last. I don't have to keep adding soap. And Chipso soaks the dirt out. After only

15 minutes' soaking in Chipso suds, my dirtiest clothes can be raced through like a light wash. I don't have to wear them thin with rubbing."

"Chipso saves colors"

"Don't mention cheap soap flakes to me," pages Mrs. A. B. King. "I ruined a dress I had made for my little girl. It faded and streaked. Just think—all of my time and effort and the cost of the material wasted! I never have any trouble with faded colors when I use Chipso."

Your nicest things are SAFE in Chipso.

Nothing in Chipso to fade colors or to injure even wools and silks.

CHIPSO saves hands makes clothes wear longer

LOCAL MEDICAL MEN ENTERTAIN

Dr. J. S. MacEachern, Dr. T. S. Routley and Dr. W. P. Murphy Give Addresses

In honor of the visit here of Dr. J. S. MacEachern, Calgary, president of the Canadian Medical Association, and Dr. T. S. Routley, of Toronto, secretary of the association, the Victoria Medical Association held a complimentary dinner last evening in the private dining-room at the Empress Hotel.

About thirty-five members of the local organization were present, with Dr. J. N. Taylor, president of the Victoria Medical Association, in the chair. Following dinner, both guests gave addresses which were largely devoted to problems confronting the Canadian Medical Association at the present time.

The previous evening the Victoria Medical Association listened to a very fine address by Dr. William P. Murphy, of Boston, who gave a most illuminating talk on the treatment of pernicious anemia. With Dr. Monnot, of Boston, Dr. Murphy is notable for the epoch-making development of the liver and liver extract treatment for pernicious anemia. Lantern slides were used to illustrate the address.

Dr. Taylor presided at this meeting also, when a number of nurses were present. In addition to a strong representation of the Victoria medical fraternity, Dr. Murphy left yesterday afternoon for Seattle, en route to Boston.

LAST RITES TODAY

The funeral for Mrs. Emma Norton, who passed away at St. Joseph's Hospital, Wednesday, will take place this morning, the cortege leaving Sands Mortuary at 9 o'clock, and at 10 o'clock Mass will be celebrated at St. Elizabeth's Church, Sidney, by Rev. Father E. M. Scheelen. The remains will be laid at rest in the Catholic Cemetery, West Saanich.

RESPONSE GOOD TO TAX APPEAL
 More Than 50 Per Cent of Levy Already Collected by City

More than 50 per cent of the city's tax levy had been collected at the close of business, yesterday, treasury officials announced.

The public is responding well to the appeal that has been made to pay current tax accounts before the penalty falls on October 2.

Alderman P. R. Brown, chairman of the finance committee, in commenting upon the response to the appeal from the public, stated a greater percentage of collections this year would mean greater relief to the taxpayer next year.

By meeting current accounts and raising the percentage of receipts, it is hoped to avoid any deficit at the end of the year, thus leaving the council with a clean slate in 1935, when the new budget is presented.

The penalties imposed on delin-

quent accounts amount to 8 per cent in all. The first penalty of 1 per cent falls on October 2. Another 1 per cent penalty is added on November 2, and further 1 per cent penalty on November 16, and a final 5 per cent penalty on December 4.

BANK OF ENGLAND DECLARES DIVIDEND

LONDON, Sept. 20 (CP-Havas).—The Bank of England today declared a half-yearly dividend of 8 per cent, including income tax deductions.

Net profits for the period stood at £276,875, September 17, exclusive of the reserve fund payment.

TAX RELIEF IS TO BE APPLIED

Burnaby and Coldstream Invoke Powers of Municipal Act

Tax rebate powers open to municipalities under Section 74 of the Municipal Act were invoked in respect to Burnaby, yesterday, by authority of the Provincial Government, dealing with veterans or their dependents.

The Act provides that in respect to veterans of the Allied forces, their widows or orphans, councils may rebate, abate or extend tax payments in connection with property used for a home. This is applied also in respect to agreements under the Soldiers' Settlement Act. In the case of Burnaby, the Province approved of a recommendation by the law of the commissioner, Hugh M. Fraser, to apply this section of the municipal law within the area.

General sections in the Municipal Act as amended, providing for partial rebates of 1932 and 1933 tax penalties and charges, were invoked in a by-law ratified for Coldstream District. This relief is contingent on payment of current charges.

PERMANENT WHARVES

It is the intention to provide permanent wharves on the waterfront, facing the building, so that there will be every facility for the loading of the various vessels used in the service. Quarters will also be available for the use of the Department of National Revenue, by means of locks, so that the officials will be able to tie up any vessel under seizure for violation of Dominion regulations.

Mr. Plunkett, when speaking of the plans as now altered to meet the needs of this port, said a complement to the local officials, including C. P. Dawson, Dominion architect here, and Colonel A. W. R. Wilby, agent of marine, who lent every assistance and to whom no small share of credit is due for the results.

Hon. H. H. Stevens, Minister of Trade and Commerce, after an inspection of the situation here, was taken by Mr. Plunkett for the change in the placing of the main building. This was supported by local bodies, including the City Council and the Chamber of Commerce, and was aided by Captain George E. L. Robertson, director of pilotage, at Ottawa, and Captain Frank Saunders, superintendent of pilots for British Columbia, who personally went over the situation carefully a short time ago.

THE CURRAGH, Ireland, Sept. 20 (CP).—W. M. Barnett's Primo, one of the best of English three-year-olds, won the Irish St. Leger today by a length and a half over Sir Thomas Dixon's Cardiff, with H. J. Delafosse's Portugal third by three lengths.

Eight three-year-olds went the mile and six furlongs of the race, corresponding to the English classic run at Doncaster recently. Primo, with Cecil Ray up, started odds-on favorite at 4 to 7. Cardiff was 2 to 1 and Portugal 100 to 6.

Mrs. Dunne's Wagon Hill was fourth.

RESCUES BOYS FROM TREACHEROUS TIDE

FERGUSON'S COVE, N.S., Sept. 20 (CP).—Three youngsters adrift twelve hours in a rowboat were taken from Halifax Harbor's north-west arm today by a fisherman of this village.

Drawn by their cries, Thomas Duggan found the boys rowing without effect against a strong tide and threatened to sweep their little craft out of the arm and into the open sea. Their names were not learned.

PARLIAMENT TO BE ASKED FOR REMEDY

Continued from Page 1

Speaking to an audience of farmers in a rural constituency, Mr. Stevens said he laid the low prices of livestock directly "at the door of the packers of this country." He was cheered and applauded again and again, not only when he dealt with abuses affecting farmers, but also when he referred to the evils of low wages.

ONLY OBSTRUCTION

Assailing Mr. King, Mr. Stevens said the Liberal leader now claimed no credit was due the Government, that the (Mr. King) had known of sweatshops since 1890, he wrote a book on the evil and made it the passion of his life. Mr. Stevens wanted to know what Mr. King had been doing for thirty-six years, why he had not spoken out or taken some action when in office. All he did now was criticize, obstruct and call those who spoke out traitors and hypocrites.

Whose toes were being stepped on that Mr. King should complain? asked the minister. Only organizations like the one which made \$1,500,000 last year, at the same time plugging a large reserve and paying farmers four cents a pound for choice steers.

PAGES OF ADVERTISING

There were other groups affected by the inquiry, said the minister, which took thirteen pages of advertising in daily newspapers. He had seen as much as eighteen pages from one company in a single paper.

"That's why you don't read so much about these things in the papers," he remarked.

LOCO CAPTURES LEAGUE PENNANT

Defeat Asahis in Seventh and Final Ball Game by 9 to 3 Score—Davies Claims Homer

VANCOUVER, Sept. 20 (CP).—Loco Imperialis, tonight, defeated Vancouver's Japanese Asahis, 9-3, in the seventh and deciding game of the Terminal Baseball League play-off series. The victory gave Loco the championship of the league and the right to meet the winners of the Victoria-Arnold and Quigley series for the British Columbia title.

Bourne, on the mound for the Imperials, allowed only four hits, and held the Asahis scoreless with the exception of the third and fourth innings when the Japanese collected all their runs.

Imperials bunched hits for three runs in the opening frame and finished with a barrage of safeties in the seventh, including Davies' homer with one on base, for six runs and the decisive victory.

Batteries—Bourne and Spicer; Nishihara, Noto and Yasui.

City and District

Short Wave Club—The Victoria Short Wave Club will hold a meeting on Saturday evening at 2024 Carnarvon Street.

Becomes Member—George S. Brown was introduced as a new member of the Rotary Club at the luncheon meeting yesterday. Herbert J. Pendray introduced him to the membership.

Thanksgiving Set—Monday, October 8, has been set apart as Thanksgiving Day by Federal proclamation, repeated provincially yesterday.

Wage Board Sitting—The B.C. Industrial Relations Board continued sittings in Vancouver yesterday, hearing argument on salaries paid in offices and in construction enterprises. Adam Bell, chairman of the board, is expected in the city on Saturday.

Assume Partial Costs—The Provincial Government classified River Road, in Alberici, yesterday as a primary highway, which implies that the Province will assume three-quarters of the cost of construction and maintenance of the route, the remaining quarter to be borne by the municipality concerned.

Conservatives Meet—Ward Three, Victoria Conservatives, will hold its annual meeting at the Campbell Building, at 8 p.m. today, for the election of officers and other business. Four other wards will meet next week, followed by the annual meeting of the Central Association on October 4.

Gets Additional Honor—Mrs. Helen Gregory MacGill, judge in the Juvenile Court at Vancouver, was named a justice of the peace in provincial orders yesterday. The Nelson Assizes were postponed one day, until October 9, in other orders through the Attorney-General's Department.

Couple Honored—Victoria Gryo Club at its annual banquet and dance, Wednesday, at Royal Colwood Golf Club, honored Mr. and Mrs. Charles Walker, who on that day were observing the twenty-first anniversary of their marriage. A beautiful bouquet was presented to Mrs. Walker.

Visits City—Hon. H. G. Perry, Speaker of the Legislature, and member for Port George, arrived in Victoria, yesterday, for a short conference with Provincial Government officials. He brought with him a report that prospects are improved for the coming Winter in his district.

Essay Competition—Children on Vancouver Island are reminded that the essay competition, "Why We Should Be Kind to Animals and Celebrate World Day for Them," will close on Thursday, September 27. All contributions should be sent to Miss Dora Killo, 315 Sayward Building, Victoria, by that date.

Make Trade Inquiries—An importer in Lima, Peru, has sent a detailed list of specifications through Canadian trade circles to the Provincial Information Bureau, asking prices on rough grades of Douglas fir lumber in four different categories. Potatoes in bulk are sought by another agent. Particulars may be had on application to the bureau.

To Call Tenders—Speaking in New Westminster this week, Hon. A. W. Gray said that, while the Fraser River Bridge Company will construct the proposed new Fraser toll bridge for the Province, tenders will be called for materials and on other contracts in connection with the undertaking. The arrangement between the Province and the bridge company has not yet been detailed.

Seeking Incorporation—Tangled municipal financing and the perils of public business in hard times cannot daunt residents of Westview district, outside of Powell River. A group of citizens have petitioned the Government to incorporate the Westview as a village municipality. The issue will go to a poll in the area before October 15. Westview is three and a half miles south of Powell River in the Mackenzie Electoral District.

But since Rainbow was deprived of a win last Saturday, after leading Endeavour around the course, owing to the expiration of the time limit, no one will be disposed to begrudge Mr. Vanderbilt this break as break it was.

Nor for that matter will anyone begrudge the New York Yacht Club's dashing skipper the further break accorded him when he caught his friendly rival, T.O.M. Sopwith, in his blue-bodied beauty, Endeavour, with a wind-worn misshapen Genoa jib, when a proper Genoa would have clinched for him what no Briton has achieved in eighty-three years of racing, a third win in America's Cup series.

POSTPONEMENT GRANTED Sopwith has been trying out Endeavour against Genoa jiba since early August. Following today's concluding lesson he asked for, as his privilege, and received permission to lay up tomorrow in order that a new Genoa, ordered previously, might be rushed to completion. Tonight, in the United States lot of a famed British firm of sail makers, operatives are working feverishly to supply Endeavour with her much-needed Genoa.

It will probably be flown here tomorrow. Sopwith got the challenger away to a magnificent start today, a couple of boat-lengths ahead and to weather of Vanderbilt in the defender. Setting his famous perforated spinnaker, he drew away rapidly from his rival. The wind hauled three-quarters of the way down to the outer mark. He held to his spinnaker as long as he could and finally set a balloon on what became a broad reach to the buoy.

LOSES MILE LEAD At the outer mark he had established a lead of a full mile and seemed to have the race well in hand. But he was reckoning without the borrowed Vanille's ancient Genoa. Immediately the challenger was slowed down from six to four knots. Moreover, he began to drop rapidly to leeward of Rainbow, headed just to weather of the finish line.

Then to add to Sopwith's difficulties he ran into a soft sea. Seeing Rainbow dancing along well to weather of his starboard quarter, and rapidly diminishing the distance separating the two yachts, Sopwith tacked to port, crossed Rainbow's bow and came about to weather of the defender. But he had held his port tack a trifle too long.

CLEAR OF BACKDRAUGHT Vanderbilt worked through his lee, and, having done so, proceeded to backwind him. Sopwith did the only thing left for him to do. He tacked again to port, and, having cleared himself of Rainbow's back-

draught, came about again on the starboard tack.

He had made four tacks while Vanderbilt continued to hold the outer mark. Each time he had come about he had slowed down his challenger, until he had little way left. In other words, he had thrown overboard the six-minute advantage he had won at the turn and was dropping astern of the superbly-handled Rainbow, all because of an out-worn Genoa jib and a soft spot. It was Rainbow's first win of the series against two for Endeavour.

MINNEAPOLIS IN BASEBALL WIN, 11-6

MINNEAPOLIS, Sept. 20 (AP).—Minneapolis battered its way back into the fight for the American Association baseball championship and the right to meet the International League winner in the "Little World Series," by trouncing Columbus in the third game of the play-off contest today, 11-6.

The League series now stands two to one for Columbus and will be resumed at the Ohio City, Sunday afternoon.

The first team to win four games gains the title.

Social Activities and Notes of Personal Interest

Miss Ross Gives Report Of Eastern Conventions

Members of the King's Daughters in Victoria heard a most interesting talk last evening by Miss Margaret Ross, of Vancouver, Dominion secretary of the King's Daughters' Order, at a meeting held at the Y.W.C.A. Miss Ross introduced to her talk many entertaining anecdotes and personal reminiscences which added much to the interest of her reports, which dealt with the sessions of the National meeting held in Montreal, and later the international convention at Providence, R.I.

JUNIOR WORKERS

The work was making good progress, Miss Ross said, although the increase in membership in the United States far eclipsed that in Canada. She emphasized the importance of interesting younger women in the work of the order, and in fostering junior circles. She gave a resume of the reports of all the provinces, from which many helpful suggestions were gleaned. One of the suggestions, upon which Miss Ross laid particular emphasis, was that of working towards sending a young woman to Chautauqua from British Columbia, in order that she might apply the results of

a leadership course in strengthening junior work in this province. She was greatly impressed with a segment, "The Challenge of the Cross," which was presented in Montreal. Various money-making schemes which were brought forward at the National convention were of interest to local members of the order, all of whom were anxious for new ideas.

PRESENTATION MADE

Canadian Night at the international convention was also an interesting highlight in the secretary's report, and on this occasion, Mrs. Logan, the Dominion president, had formally presented the Canadian ensign to be hung permanently at international headquarters.

The next international convention will be held in Virginia, and a description of the invitation of this state, which had been presented in a most original manner, was most vivid.

After the close of her talk, Miss Ross answered many questions asked by the members, and the district president, Mrs. Hardie, presented her with a gift bottle of Matchless lavender. Refreshments were served before the members dispersed.

Weddings

OWEN-GOOD

The marriage of Miss Lenore Good, of Vancouver, to Charles Oswald Owen, younger son of Rev. and Mrs. A. deB. Owen, Victoria, took place last Saturday evening at St. Margaret's, Free Church of England, Windermere Avenue, Vancouver. The officiating clergyman was the bridegroom's father, Rev. A. deB. Owen, rector of the Church of Our Lord, Free Church of England, Victoria, and the best man and bridesmaid, respectively, were the bridegroom's brother, Mr. Arthur C. Owen, and the bride's sister, Miss Rhoda Good. Among those present at the ceremony, in addition to the parents of the principals, were Bishop Hubby and the bridegroom's uncle and aunt, Major the Rev. C. C. Owen and Mrs. Owen. A reception followed, and later the bride and bridegroom left for Seattle, where the honeymoon is being spent. They will make their home in Vancouver, where Mr. Owen is connected with Dr. Porter's Chemical Engineering Works.

Will Leave for Hongkong New Officers Are Elected By A. Y. P. A.

MISS JEAN GILLESPIE

Third daughter of Mr. and Mrs. Alex Gillespie, of "The Leasowes," will leave tomorrow on the S.S. Empress of Canada, accompanying her sister, Mrs. J. H. Anderson, on her return to Hongkong with her two children. Miss Gillespie will spend several months in China.

The annual meeting of the A.Y.P.A. Local Council was held in Memorial Hall last night, with the president, Mr. D. Pite, in the chair. The following officers were elected for the 1934-35 term: Patron, Bishop Schofield; honorary president, Mr. S. C. Hawkins; first honorary vice-president, Miss I. Dallan; second honorary vice-president, Mr. J. Aylwin; past president, Mr. D. Pite; president, Mr. E. Grey; vice-president, Mr. J. Hooper; secretary, Miss M. I. Holyoak; treasurer, Mr. J. Oxendale.

An excellent financial report was read by the retiring secretary, Mr. C. Hemming. The president's report showed that much progress had been made and that two new branches had been formed during the past season. A committee was appointed to arrange for the installation of officers at an early date. This will probably take the form of a rally.

The splendid work of Miss Dallan as librarian and Miss Trickett as publicity secretary, was the subject of much favorable comment. A special vote of thanks was tendered Miss Holyoak for her services as secretary during the past year.

WOMEN'S INSTITUTES

QUALICUM BEACH
The Qualicum Beach Branch of the Women's Institute was held on Wednesday. The report of the Vancouver Exhibition was read. Mrs. Nathaniel, of Coombs, captured first prize for the knitting, and Miss B. Starker, third, for patchwork.

Y.P.S. News

DOUGLAS STREET
The regular meeting of the Douglas Street Baptist Young People's Society will be held tonight at 7:30 o'clock. Mr. Tom Jackson will be the speaker and Miss Alice Russell will preside. A cordial invitation is extended to all young people.

Chemainus
Mrs. Grace Read is visiting her daughter, Mrs. Patterson, of New Westminster.

FOUL BAY DANCE
The Foul Bay Junior Community Association will hold a dance, this evening, at the Margaret Jenkins School, and it is the intention of the committee to hold dances every fortnight, some to be masquerade and some novelty. The invitation system of admission, which was introduced early in the Summer, will continue to be used.

Save the Pieces

By HANNAH
"Velvet accessories, jacket, hats, gloves, shoes, sack, worn with a heavy crepe frock of contrasting hue," says a note from the Paris openings. We mention it because it seems to fit the illustration we are

using today, although our design was originated for women who are far from Paris openings.

This frock is made of yellow crepe, and the coat and cascaded sash are of a contrasting color. Since Paris says velvet, however, why not dress up your old crepe dress with velvet accessories from another frock? From a black velvet frock you could have the alight little pancake hat for evening, the short coat, and if the dress were voluminous enough, you could surely have a train sash like the one pictured, making it of circular pieces fastened together.

Paris approves of purple velvet with pinky mauve crepe, black with pale pink and practically any color with white. One of our own favorites is fuchsia with wistaria blue.

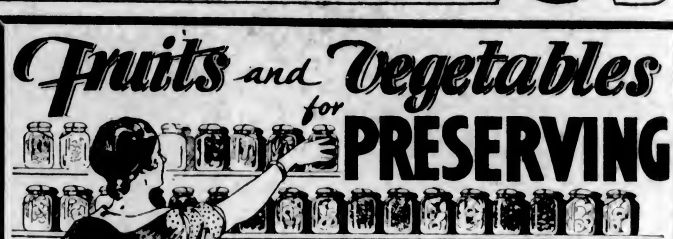

Wife Preservers

To keep your best china and glassware from being chipped, buy an inexpensive rubber sink mat and cut it to fit the bottom of the dish pan.

Our Mr. A. E. Alexander, proprietor of Foster's Fur Store, left yesterday for Montreal, where he will remain for one week selecting high class and exclusive fur models from the designing studios of his firm, A. J. Alexander, Limited, who are Canada's finest furriers. Alexanders operate branches throughout the Dominion of Canada and are considered and rated as Canada's best furriers.

TEA UP-ISLAND

CROFTON, B.C., September 20.—One of the most delightful affairs of the early Autumn season was the tea given on Tuesday by Mrs. Gola to mark the formal opening of the newly-decorated Crofton Hotel. The main hall and ladies' reception room were decorated with masses of asters and other flowers of various hues, while great vases of mixed blooms and Autumn leaves were effectively arranged in the dining-

room. Tea was served at daintily-appointed tables centred with silver baskets of mauve and white asters. Tea was poured by Mrs. Smith and Mrs. Kendrick. The invited guests who called included Mesdames C. W. Dunne, G. Pogue, T. Richards, W. Ferguson, N. Phair, E. Stolle, B. Collinson, G. Eccles, R. Rae, S. Dyle, A. Dyke, M. Evans, A. M. McAllister, R. Taylor, Jones, L. Brinham, B. Brinham, H. Davis, A. Syme, J. Luscombe, G. A. Bertson, Mrs. A. B. Brown, Mrs. R. J. Hazenfratz and Mrs. Vey.

Mrs. Percy Moir recently entertained the following guests at the tea hour: Mrs. A. Moir, Mrs. Cuthbertson, Mrs. A. B. Brown, Mrs. R. J. Hazenfratz and Mrs. Vey.

Social Activities and Notes of Personal Interest

Temperance Report Read At Meeting

The fifty-first annual convention of the Women's Christian Temperance Union of British Columbia opened in Queen's Avenue United Church, New Westminster, on Tuesday, the president, Mrs. J. A. Gillespie in the chair. The convention service was in charge of Mrs. E. Graves and was full of inspiration, as she referred to various golden texts in connection with faith and prayer for the cause.

Mrs. Gillespie, in her presidential address, spoke with great feeling and enthusiasm. She mentioned the traits of consecration, sacrifice, determination and concentration, which were so evident in the pioneer members of the organization. Mrs. C. C. Spofford read the forty-fifth annual report of the Provincial W.C.T.U. Home in Victoria. Miss E. Armstrong reported that the literature taken from the depository was mainly for the teaching of and distribution among young people.

MEMBERSHIP INCREASES

Mrs. G. M. Lanning, in reporting for the White Ribbon Tidings, referred to the excellent articles in the paper and made a plea for more members to become subscribers. Mrs. A. W. Gayton told of the splendid work being done in Okanagan, Selkirk and North Thompson districts, which comprise eight unions with a membership of 106, a slight increase over last year; also an increase in media contest work, West Summerland Baptist Union winning the provincial shield. Three of the contestants of this Sunday school received the special award pin for having written five examinations; three secured provincial honors; one of these, honorable

mention in the National W.C.T.U. It is estimated that nearly 1,000 scholars were taught the lessons in this district.

A report from Mrs. John Hall, superintendent of the Sabbath Observance, was read, making special mention of the problems in connection with the act.

PAGEANT PRESENTED

A delightful feature of the afternoon's programme was a group of solos by Mrs. (Dr.) Cannon. During the dinner hour, Mrs. G. A. Drake, president of the Westminster Union, presided, and greetings from her local union were brought by Mrs. F. G. Gerow, on behalf of the convention church by Rev. W. B. Willan and from the Local Council of Women by Mrs. Huggan. Mrs. W. White, of West Summerland, replied on behalf of the Provincial W.C.T.U.

In the evening Rev. Dr. O. M. Sanford led the devotionals, followed by a pageant under the direction of Mrs. Bert Stockdale. Mrs. Gordon Burke was the reader, and about thirty young women and girls took part. Anthems were then sung by the choir.

The address of the evening was given by Rev. Bruce G. Gray, his subject being "The Challenge of the Impossible."

PARIS STYLES

By MARY KNIGHT

PARIS (UP).—We aren't going to say "we told you so" just yet, but we're getting our mouth all puckered up ready to speak in such terms within the next few days.

You will remember we mentioned that skirts are getting shorter. Roger Worth has just showed his Winter collection of sport things and almost all of the skirts run from fifteen to eighteen inches from the floor—that is a marked change, considering we have been wearing them mid-calf and lower.

There are fewer hand-knit things in this collection—considering also that last time everything was hand-knit in the sport department. A lot of diagonal weaving and knitting is evident; sleeves put in on the bias, bias blousing effects and skirts with bias insets.

As for coats—they range from the short Norfolk jacket on down the line of three-quarter, five-eighths and full-length coats. The new feature in practically all of them, as far as Worth sportswear is concerned, is that they are belted in the back, the belt slipping through slits at each side under the arm and fastening over the skirt and sweater blouse in front, leaving the front flaps of the coat free to button, wrap or otherwise fasten.

There are a few odd blues in the collection, but a new feature, pickel-green and tobacco-brown. Bright touches in scarfs and accessories.

Flattened Berets Prevail

A Flat Type of Beret, by Delong, Is Matched in This Fall Style With a Silver Fox Wrap, Which Is Held Close to the Figure.

Social and Personal Notes

To Arrive Here

Captain L. R. Lumley and Mrs. Lumley are expected to arrive in Victoria on September 27 from England, and during their stay until October 1 they will be the guests of His Honor the Lieutenant-Governor and Mrs. Fordham Johnson at Government House. Captain Lumley is a nephew and heir of the tenth Earl of Scarborough and from 1922 to 1929 was Conservative M.P. for Kingston-upon-Hull (East), Yorkshire. His visit to Victoria is in the interests of the proposed farm school which is being considered by the Child Emigration Society of Great Britain.

Of Interest to Friends

The infant son of Mr. and Mrs. James M. McConnell, of Vancouver, the former Marguerite Sehl, of this city, was christened recently at St. Augustine's Church, Vancouver, Rev. Father Birch, O.M.I., officiating. The baby received the names, Francis James, and Mr. and Mrs. F. J. Sehl stood proxy for the godparents, Mr. and Mrs. Daniel J. McBrady, of San Francisco. Following the ceremony, Mr. and Mrs. McConnell entertained a number of friends at tea at their home.

Bridge Hostesses

Mrs. Charles Osard, Monterey Avenue, entertained at a bridge party, last evening, for Miss Doris McMoran, whose marriage will take place shortly. The guest of honor was presented by the hostess with a linen luncheon set. Other guests were Mr. and Mrs. A. B. Christopher, Mr. and Mrs. W. L. Hardy, Dr. and Mrs. E. S. Fowles, Mr. and Mrs. J. M. Green, Miss Beth Grimison, Mr. E. Green and Mr. C. Osard.

Visitors Entertained

Miss Elizabeth L. Smellie, of Ottawa, chief superintendent of the Victorian Order of Nurses in Canada, was the guest of honor at a luncheon party given yesterday by Mrs. W. P. D. Pemberton, Foul Bay Road, and was later the guest of honor at tea when Mrs. W. L. McKill, Pemberton Road, entertained.

Visitors Leave

Miss Ena Crooks, of Vancouver, and Miss Pearl Brown, of San Mateo, California, who spent a few days as the guests of Mr. and Mrs. R. W. Crooks, of Oliver Street, have returned to the Mainland, where Miss Brown will resume her visit with Miss Crooks before returning to the South.

Hostess at Tea

Up-Island Girl

Given Showers

CHEMANUS, Sept. 20.—Mrs. Dick McBride and Miss Joe Murray were joint hostesses on Wednesday evening in honor of Miss Hazel Dwyer, whose marriage to Mr. George Vater will take place shortly. Twenty guests were invited and court whist was played. Miss Deaney Cathey won the prize for cards, while in a guessing competition the prize went to Miss Ruby Cobbett. During the supper hour a novel contest was held, the guests being given cards, tied in pink and yellow, on which they were asked to express, in poetry, their well wishes for the bride's future happiness. These cards were afterwards presented to Miss Dwyer, and some very clever verses were composed, the winning one being written by Mrs. Robert McBride, who received a prize.

Supper

Supper was served in the dining room, the table being beautifully arranged in pink and yellow, and was centered by what appeared to be a huge wedding cake, decorated in pale pink, and flanked by tall yellow tapers in silver sconces. On being asked to cut the cake, Miss Dwyer found it concealed gifts from those present.

Another affair, held in honor of Miss Dwyer, was when Mrs. Roy Gill entertained at a cup and saucer shower at her home, "Sea View Auto Camp." Contests and cards were played during the evening, three tables of bridge being in play. The winners were Mrs. O. K. Dwyer and Mrs. P. Donahue. Miss Peggy Dwyer won the guessing competition. Following the cards supper was served, the table being arranged in colors of pink and white, with vases of large pink asters and a bride's cake which the prospective bride was asked to cut. At the close of the supper a lovely fireplace wood basket, in blue and silver, was brought in containing the gifts.

Kinsmen Meet

At yesterday's dinner meeting of the Kinsmen Club it was decided to hold an outing to Sooke on October 14 for all those interested in horseback riding. The club also decided to enter a team in the Five-Pin Bowling League this season.

Holiday at Pedder Bay

Miss Ethel Bale and Miss Gwendolyn Wood have left for Pedder Bay, Rocky Point, where they are spending a week's holiday at the Summer home of Miss Bale's parents, Mr. and Mrs. D. H. Bale.

Return Home

Mr. and Mrs. Haslam H. Bale, of Palo Alto, California, and their two sons, who have been visiting Mr. Bale's parents, Mr. and Mrs. D. H. Bale, Stadacona Avenue, left recently for home.

Luncheon Party Held

A delightful luncheon party was held at the Hudson's Bay Company, yesterday, under the auspices of the Women's Parish Guild of Christ Church Cathedral.

Holiday on Island

Miss Iris Vye left recently for Salt Spring Island, where she will spend the next few months as the guest of Mrs. J. J. Shaw, of Rulford Harbor.

Here for Winter

Mr. J. A. Gauthier, of Montreal, arrived in the city on Wednesday and expects to remain for the winter. He is staying with his daughter, Miss R. Gauthier.

Return Home

Captain and Mrs. T. B. Mathieson, who have been on a ten-day fishing trip up the Island, have returned to their home on Granite Street.

On Fishing Trip

Mr. R. Mercer and Mr. W. J. Barnes, of Victoria, are having excellent fishing at the Zeta Harrison Camp, Big Qualicum River.

Return Home

Mrs. Woulfe Hicks and her son, Jeremy, who have been spending the summer at Chewassan, B.C., have returned home.

At Windermere Hotel

Mrs. and Miss Farquharson, of Devon, England, arrived in the city yesterday and registered at the Windermere Hotel.

At Dominion Hotel

Mr. and Mrs. O. Thorpe, of North Vancouver, are here for a week. They are staying at the Dominion Hotel.

From San Diego

Mr. and Mrs. Julius Wagenheim, of San Diego, are spending a short visit at the Empress Hotel, after which they will motor to their home.

Holidaying Here

Captain and Mrs. Groves, of Westholme, are holidaying in Victoria for a few days. They are staying at the Windermere Hotel.

From Cincinnati

Mr. H. C. Ives, of Cincinnati, is registered at the Glenahiel Hotel.

LOWELL SHERMAN BORN TO THEATRE

Famous Actor-Director Provides Today's Entertainment Offering at Dominion

Lowell Sherman, famous actor-director, was born to the theatre in the truest sense of the term. His grandmother, Kate Grey, was leading lady for the senior Junius Brutus Booth, in Boston and San Francisco, and also appeared as leading lady for Edwin Booth on a tour of the country. At the time of Lowell's birth, his father was a star of the Baldwin Theatre in the latter city, and his mother was a member of the same company. His whole childhood was spent in association with the stage. Sherman, who in the years he has divided his time and his energies between directing and acting, admits that, while he likes both professions tremendously, he is inclined to favor directing. His latest job of megaphone wielding was recently completed on "Born to Be Bad," the Joseph M. Schenck-Darryl F. Zanuck Twenty Century picture coming to the Dominion Theatre today. Loretta Young and Cary Grant are starred in this United Artists release.

COLUMBIA With the direction of "No More Women," the new Edmund Lowe-Victor McLaglen starring picture, at the Columbia Theatre, Albert Rogell comes back under

Dominion—Loretta Young in "Born to Be Bad."

Playhouse—"Sing and Like It," featuring Zasu Pitts.

the banner of Producer Charles R. Rogers. This is the first time the two have been associated since Mr. Rogers was head of the Palace studios and Rogell directed "Guided Fleet" for him.

PLAYHOUSE Zasu Pitts, co-featured with Pert Kelton in the RKO Radio comedy, "Sing and Like It," now at the Playhouse Theatre, is a simon-pure product of the screen who grew up with the film industry. She played her first role in the Mary Pickford picture "The Little Princess," and has never left the screen for even so much as a brief fling at the stage.

EMPIRE SECURES OLD MELODRAMA

"The Drunkard," First Produced in 1843, Is Enjoying Successful Revival

Just now sweeping the continent with engagements extending over a period of a year in some places, "The Drunkard," after much expectancy on the part of theatregoers, is to be seen here today at the Empire Theatre.

"The Drunkard," or "The Fallen Saved," is an old-fashioned melodrama of horse and buggy days, with a sneering villain on the verge of foreclosing the mortgage on the family home. It had its initial curtain in 1843 in the city of New York, with P. T. Barnum as the producer. Its first run in his American Museum led and it was repeated at intervals of about seven years in New York and other important cities.

"The Drunkard," as staged at present, is proving one of the biggest theatrical magnets of the present day, and is hilariously greeted everywhere. The play has a vicious villain, a weeping, pleading heroine, Sweet Adeline singers and other characters that betoken another era. Its presentation has always been attended by society and the public since its revival in 1926.

LEAVES TYPEWRITER FOR JOB IN CHORUS

Young and industrious but overweight, Mary Elizabeth Lewis was content at her typewriting until Mae West started casting the chorus for her newest Paramount film, "Belle of the Nineties," which comes to the Capitol Theatre on Saturday.

It was the opportunity of a lifetime for Miss Lewis, now known as Beth Dair. She won Number One position in the chorus, and, having had a taste of the movies, declared she is through forever with the keyboard.

In the course of her pre-movie career, the young ex-typist was reporter for The New York Mirror and The Chronicle at Johnson City, Tenn. She was graduated in 1932 from New York University. She has more than 500 flying hours to her credit and expects to apply soon for her pilot's licence.

"Belle of the Nineties" is a story of the rollicking nineties, set in New Orleans.

An aerostatic press is a machine used for extracting the coloring matter from dyewoods and other materials.

Double Win Keeps St. Louis Right on Heels of Leaders

Turn Back Braves Twice to Remain Three and a Half Games Behind Giants, Who Nosed Out Reds—Yankees Trim Tigers to Slice Margin—Foxy Hits Another Circuit Drive

NATIONAL LEAGUE
BOSTON, Sept. 20 (AP).—St. Louis Cardinals continued their pennant drive with a double victory over Boston Braves, 4-1 and 1-0 today, as the clubs closed out their season's rivalry. The two triumphs left them three and a half games behind the leading New York Giants.
First Game— R. H. E.
 St. Louis..... 4 6 2
 Boston..... 1 3 0
Batteries: Carleton and Davis; Brandt and Hogan.
Second Game— R. H. E.
 St. Louis..... 1 7 0
 Boston..... 0 8 1
Batteries: Walker and Delancy; Frankhouse and Spohrer.

Hubbell Stars
NEW YORK, Sept. 20 (AP).—Carl Hubbell put on a one-man show today to lift New York Giants to a 4-3 victory in their final struggle with the last-place Cincinnati Reds. The victory, gained in the ninth inning, enabled them to hold their lead to a half game in their race with St. Louis Cardinals, who won twice.

Hubbell not only pitched steadily in a duel with Paul Derringer, but singled home the winning run in the ninth, after Johnny Vergez had walked and taken second on an infield out.

Jimmy McLarnin Regaining Crown

Jimmy McLarnin, "baby-faced" battler, regained his welterweight throne by a decision, in a bruising fifteen-round battle with Barney Ross at Madison Square Garden, in New York City, after the bout had been postponed several times by rain and inclement weather. Here is a Central Press photograph rushed by plane showing Jimmy, facing the camera, waiting for Barney in the seventh.

PICKED TEAM TO OPPOSE ALBIONS

Cricketers Champions to Play Exhibition Match Tomorrow Afternoon at Beacon Hill.

With the total proceeds going to help wipe out the deficit incurred during the visit here of the Eastern Canada eleven, Albions, champions of the Victoria and District Cricket League, will play an exhibition match tomorrow afternoon at Beacon Hill Park at 2 o'clock, against a side skippered by the veteran cricketer, Percy C. Payne.

The champions will field their strongest available eleven for the match and have hopes of defeating the team selected from the other clubs in the league. The Albions' team will be as follows: N. F. Pile, captain; Barclay, Wallace, Gibbons, Smith, Enoch, A. Pile, Pearce, Maurice, Leach, P. Freeman and E. D. Freeman.

Blue Ribbons Refused Admission to Saanich Cage League

BLUE Ribbons basketball quintette, former Dominion champions, who announced their withdrawal from the Victoria and District Basketball League at the annual meeting of that body held recently, and who since that time made application to enter the Saanich and Suburban Basketball League, have been refused admission to the suburban association. The decision to refuse the entry of the Ribbons was reached by the executive after a lengthy discussion. Three reasons are given for the non-acceptance of the club that two seasons ago brought Victoria its first Canadian basketball championship. The reasons, enumerated yesterday evening by P. H. Reeve, secretary of the league, follow: 1. The league has no class in which it could play the Ribbons. 2. There are insufficient nights owing to the length of the league's schedule, to play exhibition games. 3. That teams in the Saanich and Suburban League must have home floors in the suburbs.

Close Struggles Expected in Old Country Football

Sunderland, First Division Leaders, at Home to Derby County—Manchester City Faces Preston North End—Scottish Leaders Travel

LONDON, Sept. 20 (CP).—Keen struggles are in prospect, Saturday, as closely-bunched leaders of the First Division of the English Football League resume the campaign. Sunderland, leaders, are at home to Derby County, but with four other clubs only, a game or less behind the top some shifting around may be expected.

Manchester City and Preston North End, splitting second place, are likely to have grim battles on their hands. The City visit Leicester City, who are only three points back of them, while Preston, up from the Second Division, and making a gallant fight, entertain Chelsea.

Arsenal, still a full game behind the leaders, are expected to put James, Coppinger, Roberts and Hulme back into the line-up for the match at Sheffield, Wednesday. Everton, tied with Arsenal in the third bracket, are home to Huddersfield. The visit of Aston Villa to White Hart Lane coincides with the formal opening of the entire new stand built for the Spurs.

VILLA WEAKENED
 The Villa are weakened by injuries, and Beeson and Gibson will be replaced by Butcher and Simpson.

Bolton Wanderers should pick up more points at the expense of Bradford City, who travel to the Lancashire town. Brentford, second placers to Bolton, are home to Bury and will not decide their line-up until Saturday morning. Fulham, at home to

Cage League to Open October 20

VANCOUVER, Sept. 20 (CP).—Inter-city basketball will open in Vancouver this season with a round-robin series on October 18. Dr. Garnet Montgomery, vice-president of the circuit, announced today following an executive meeting. The opening game of the regular schedule will probably be in New Westminster on October 20.

Brilliant Golf of Mrs. Ford Feature Of Canadian Meet

Vancouver Shotmaker Uncorks Sensational Play in 2-and-1 Victory Over Mrs. Mulqueen—Doris Chamber and Diana Plumpton Eliminated—Ada Mackenzie in Close Decision

By EDWIN S. JOHNSON
 Canadian Press Staff Writer.

TORONTO GOLF AND COUNTRY CLUB, TORONTO, Sept. 20 (CP).—The long and rocky road that leads to the Canadian ladies' open golf throne has narrowed down to the gruelling stretch drive for a scintillating quartette that strode boldly today into the semi-final brackets.

Tomorrow Canada will send three of her outstanding aces into battle, Miss Ada Mackenzie, defending champion, of Toronto; Mrs. Vera Ford, of Vancouver, and Mrs. W. O. Fraser, of Ottawa. They were faced with but one invader, Miss Molly Gourlay, member of the British Curtis Cup team.

In the semi-final round Miss Mackenzie will figure in her fourth successive international tussle, meeting Miss Gourlay. The lower half brings together Mrs. Ford and Mrs. Fraser in an East-West test of skill.

CLOSE VICTORIES
 It was a day of disappointments for two other members of the British international squad, as Miss Doris Chambers, the team captain and former British open titleholder, passed out of the picture before the relentless pressure of Miss Mackenzie by a 2 and 1 decision. The other victim was tall, long-driving Diana Plumpton, who was unable to match the brilliance of Mrs. Fraser, who, as Alexa Stirling, annexed both the Canadian and United States open crowns some years ago. The Ottawa star scored her victory on the home green, one up.

Miss Gourlay saved her place as contenders from a disastrous route by conquering Mrs. A. B. Darling.

GOLF FACTS NOT THEORIES!

By ALEX MORRISON

Pictures made of Henry Cotton, new British open champion, show him keeping his chin back virtually to the very end of his swing.

A number of our leading players have long since gotten the idea that it's not so stylish to be photographed in the old conventional position with the head lifted.

The golfing public is a bit wiser these days and they might wonder if the player had his head in the right position as he hit the ball.

The same thing is true about the general curve of the body. More players maintain the hitting curve right through the finish of the swing.

I'm rather proud that one of my contributions has popularized pictures of this hitting curve.

When Sir Henry Irving played Hamlet

Those were spacious days in the annals of the British theatre, when Irving played Hamlet, Macbeth and King Lear.

And while Irving was making new stage history, in the seventies and eighties, the EMU Company was blazing the trail on behalf of Australian wine.

In those days considerable prejudice existed against Imperial wines, but to-day EMU wines are well known and well liked throughout the Empire.

EMU 444 and EMU 999 are the choicest White and Tawny Ports produced in Australia. Their quality will be an agreeable surprise to you and because of the tariff preference they enjoy when entering Canada, they cannot be equalled by Foreign Ports, except at a much higher price.

Virginia Vane Says:

HAPPINESS COMES IN HELPING OTHERS

Dear Miss Vane: The boy I love has been out of work for some time. He is the only beau I have and was practically the first boy who ever said he loved me. I do care for him deeply, but somehow it humiliates me that I have to pay my own way when we go to the movies or something like that.

I know that he would pay if he could, and yet I can't get it into my mind that my paying doesn't matter. I wouldn't dream of telling this to anyone—I take special pains to make others think that he is treating me just as most boys treat the girls they care for. Can you say anything which will help me, as I worry about this constantly, and my worry takes away all the pleasure I have.—M. E. H.

Your vanity is suffering, young lady—that's all. You haven't had enough experience to give you self-confidence. And the fact that you're not being treated in just the way every other girl is treated makes you despondent about yourself.

Because this is your first boy friend, you have more than a half-fear that he's the only one you could attract. And accordingly you're sensitive about him. You want him to be the perfect Prince Charming and Mr. Millionbucks combined. You want to show him off to the world as the man no girl but you could get.

All of which means that you're not thinking of the poor boy at all. You're far more concerned with what your girl friends think of your true love than of what he means to you.

If you want any real happiness in this world, you'll have to reduce that bump of vanity and develop the habit of loving other people better than you love yourself.

Try to think like this: that the boy friend is in need of lots of help and sympathy right now. Also, he needs a tactful maiden to deal with him. He would be more cruelly hurt than you dream of if he even suspected your attitude. And so long as you continue to worry about what you call your humiliation, the faster approaches the day when your swain will sense your false shame over finances.

You don't want to lose his friendship. And you don't want to lose your own self-respect. Yet you will do both if you drive away a friend simply because circumstances have made it necessary for you to pay for your share of the movies.

Be a good sport and see your man through this difficult time. Forget yourself and enter more into his life. You'll find happiness secure and permanent in helping another human being to weather a bad storm.

Dear Virginia Vane: What can I do with a father and mother who remind me constantly that I owe everything in life to them and that my recent marriage to a wealthy man enables me to repay them for all they've done?

This is really my family's attitude and I don't know how to deal with it. I am deeply indebted to mother and father, but cannot ask my new husband to give them more than they already have, since they are fairly comfortable.

I can give them occasional presents of money, and will do this, but to ask my husband for a regular income is out of the question. Please help.—A. G.

I'm afraid you'll have to harden your heart and agree with yourself to do what you can in the line of generosity—and no more than that.

It isn't fair of your mother and father to make demands of you when they are not in want—and when they must realize that the situation is humiliating for you. It isn't right that you should ask your husband to alter his standard of living in order to provide unusual luxuries for your parents. After all, the poor man undertook to support you, not your family; and unless it was a question of your family's real need, he should not be expected to show more than ordinary generosity.

Fathers and mothers do make sacrifices for their children—heart-breaking sacrifices, but this they do more often than not because they want their boys and girls to have the best possible. Something in their own nature demands that they give their children advantages they themselves never had. And so in a way they are pleasing themselves when they send John and Mary to the kind of schools they could not afford to attend.

Why, then, do they turn around in later life and ask that John and Mary make restitution? Why do they insist that Mary's husband pay them for the education and the luxuries which they were proud to give her? Isn't it reasonable to suppose that the truly devoted father and mother have been repaid a hundred times by John and Mary's success in life?

And isn't it reasonable to suppose that any average man or woman will make the generous gesture toward the father and mother who have given them so much without being asked?

I think you can afford to be firm about this, A. G. Do what you can to be kind and helpful. But don't let your parents' insistence bully you into an unbearably embarrassing position with your husband.

SETTLEMENT ENDS SUIT FOR DAMAGES

VANCOUVER, Sept. 20 (CP).—Settlement of a suit for damages against the Ormiston Bros. Co., Ltd., was reached today after a hearing in Supreme Court, when her

YOUR GROCER HAS THIS SUNNY WAY TO BETTER HEALTH

Check Common Constipation
with a Delicious Cereal

Food has a lot to do with how you feel and how you look. For instance, you need plenty of "bulk" with your meals to avoid the risk of common constipation.

This ailment frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's ALL-BRAN furnishes "bulk" in convenient and concentrated form. Laboratory tests show the "bulk" in ALL-BRAN is safe and effective. In fact, it is much like that found in leafy vegetables.

Within the body, the fiber of ALL-BRAN absorbs moisture, and forms a soft mass. Gently, this clears out the intestinal wastes.

In addition, ALL-BRAN provides vitamin B and iron. Isn't this sunny way better than taking patent medicines—so often harmful? Two tablespoonsful of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Enjoy ALL-BRAN as a cereal, or cook into appetizing recipes. Be sure you get Kellogg's ALL-BRAN. It contains much more needed "bulk" than part-bran products. Made by Kellogg in London, Ontario.

LORD MAYOR'S ELECTION NEAR

Will Observe Time-Honored
Customs—Sir Stephen Kil-
lik Probable Choice

LONDON, Sept. 20 (CP).—On Michaelmas Day, September 29, the livery of the city of London will meet at Guildhall to elect a lord mayor for the ensuing year. It is almost certain the choice of the aldermen, sheriffs and liverymen of the city will fall upon Sir Stephen Killick, the senior alderman who has not yet "passed the chair."

Sir Stephen is now the senior member of the Stock Exchange committee, and has been a member of the "House" for nearly thirty-five years. He is a leading authority on Argentine affairs, and has rendered the corporation of London notable service in the conduct of its finances.

THE USUAL RITUAL

Sir Stephen's election as lord mayor will be accompanied by the usual ritual. The red-carpeted dais upon which the aldermen in their scarlet robes, and the high officers of the city in wigs and gowns will dispose themselves, will be strewn with sweet herbs. This is a relic of the precautions which used to be taken centuries ago when the plague was rife in London. The common cry will step forward and demand that "all you who are not liverymen depart the hall on pain of imprisonment," but no one will move. Sir Stephen Killick's name will then be proposed by the recorder of the city, and the liverymen will respond with the unanimous cry of "all."

Some time next month the Lord Mayor-elect will attend the House of Lords to receive from the Lord Chancellor the official intimation of the King's approval of his appointment. This actual assumption of office will be November 9 when, accompanied by that quaint paraphernalia known as the Lord Mayor's Show, he will journey to the Law Courts and be sworn in before the Lord Chief Justice.

That Body of Yours

(By James W. Barton, M.D.)

STRESS AND STRAIN NOT AL- TOGETHER TO BLAME FOR SUDDEN DEATHS

In these days when so many middle-aged men, and those in their early fifties are dying with heart, kidney, and blood vessel ailments, it might be well if the cause or causes for these early deaths were investigated.

Naturally the "strain" of life these days enters into the matter because every organ in the body can be affected by the emotions. We are familiar with the loss of appetite and the rapid heart when under strain, but as Prof. Cannon, of Harvard, has pointed out, really every organ can be affected by strain, fear or anxiety.

However, these emotions only

SUPREME COURT REFUSES CLAIM

Judge Finds No Evidence of
Agreement in Suit for
\$4,000

VANCOUVER, Sept. 20 (CP).—A \$4,000 claim of Joseph Smith, rancher residing between Gibson's Landing and Roberts Creek, against the estate of his sister, Miss Elizabeth Smith, who died August 14, 1932, has been refused in Supreme Court by Mr. Justice D. A. McDonald.

Smith's claim was for board and lodging for nearly twenty years computed on a basis of \$20 a month. He alleged his sister told him she had made a will, leaving him half her estate, one half to two nieces, and, on the understanding he was to receive half her estate, he boarded her free of charge.

In the absence of evidence of any agreement, as alleged by the brother, Mr. Justice McDonald stated he must deny the petition. Costs of all parties were ordered paid out of the estate.

The estate totals \$8,700. Miss Smith died intestate so that the estate is divided among her brother, who has been appointed administrator, and on this basis receives one-fourth, her sister, and nephews and nieces.

Vancouver Man Severely Beaten

VANCOUVER, Sept. 20 (CP).—A. A. Barnes, janitor at Sylvia Court, was treated in the hospital today for serious injuries suffered when two men forced entry to his suite, late last night, and attacked him.

Police are searching for his assailants, who have been identified by the injured man. The attack is believed to be the result of a personal feud.

Barnes was attacked after having retired for the night. Aroused by cries for assistance, tenants of the building discovered the janitor's plight and called police.

Police are searching for his assailants, who have been identified by the injured man. The attack is believed to be the result of a personal feud.

The Swagger Suit Is a Fall Classic

When Autumn winds blow . . . there's nothing quite so smart, so suitable as a Swagger Suit! Nubly woollens, rich-looking tweeds—some of them handsomely fur trimmed are included in our Fall collection!

Our \$21 Group Includes many smart styles—some tailored, others with fur collars and vest effects.

Our \$35 Group Includes beautifully-cut Swagger Suits with medium-length fur-trimmed coats and plain skirts. Fur trimmings are in caracul, French beaver or French seal.
—Mantles, 1st Floor

A Beautiful Roof
AND IT COSTS YOU
20%
LESS

Go into the matter of re-roofing and you will find it is far more economical to do a thorough job, and be done with it, rather than go on year after year with constant repair bills. The makers of the famous Duroid roofs now offer you DuroLock, a new type of inter-locking shingle which is good for the life of the building. It is provided in a range of attractive, permanent colors, and saves 20 per cent on the cost of a new slate-roofed roof. Lay your new DuroLock roof right over old shingles; no litter to clean up; no damage to flower beds, and you save fuel all winter with this extra insulation.

Telephone Empire 4131 and receive cost estimate and full particulars.

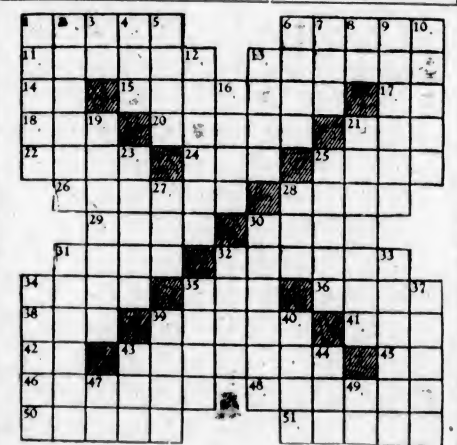

Manufactured by
Sidney Roofing & Paper Co., Ltd.
Victoria and Vancouver

Build with
TEST

Complete the installation of your home with a DuroLock roof and walls of TEST. It stops penetration of heat, cold and wind and reduces fuel bills one-third.

A DUROID ROOF WITH EVERY SHINGLE SECURELY LOCKED.
